WHAT MOST FAMILIES SPEND

With a coffin and flowers chosen mid-range:

**A typical Celebrated cremation — about \$14,612 in total,
plus your venue's hire at cost.**

**A typical Celebrated burial — about \$13,417, plus your
venue's hire and your cemetery's fees.**

The Cost of Death Report found around one in three Australian families suffered financial hardship after paying for a funeral — often because the full figure only appears at the end. Ours is above, complete — and we are independent.
