

Hearts for Health Care Workers

Are you looking for a way to show gratitude and support for health care workers in the Alberni Valley?

Show your heart.

Join the WCGH Foundation's
"Hearts for Health Care Campaign."

Dedicate a heart to a health care worker at WCGH or in the community who makes a difference in health care. It could be a family member, a co-worker, an employee or anyone who works hard every day to keep our community healthy!

Or make your dedication to all staff at WCGH for the positive care you or a family member received.

Purchase the heart with a \$50 donation to the WCGH Foundation and receive a tax receipt for 2026.

Help us grow our gardens by letting health care workers know they are appreciated, while supporting the important work of the Foundation to provide state-of-the-art, life-saving equipment to WCGH.

Buy your heart now ('til February 28th).

For information, or to dedicate a heart, contact Erin at erin.williams@islandhealth.ca, call 250-731-1370 ext. 48148 or drop by the Foundation office in the health square at WCGH.
