## Tube Connector 48/50mm - 80mm

07 / 2025

**Part number:** 312830

**Designation:** Tube Connector 48/50mm - 80mm

**Weight:** 0,8 kg

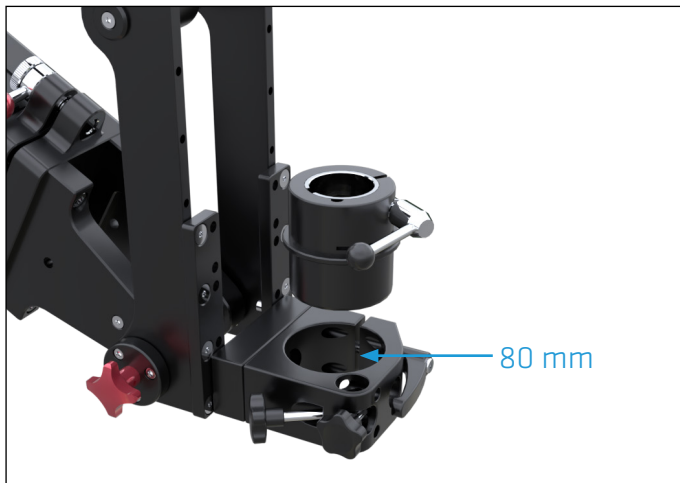

### Product Features:

The adapter makes it possible to attach a Scaffold Tube vertical on a 80mm Mount.

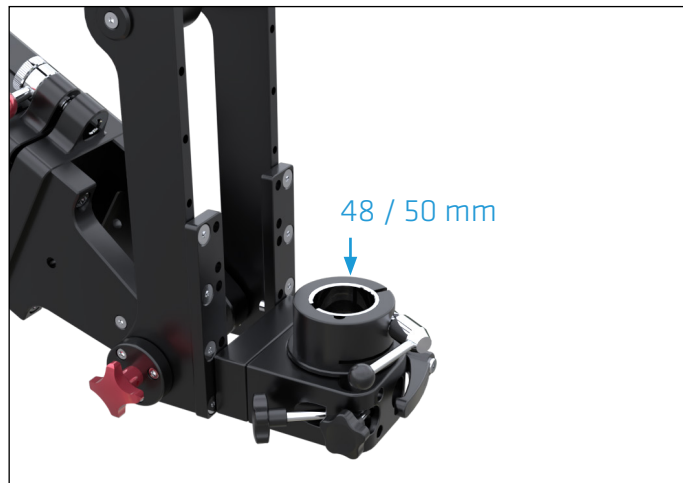

The integrated inlay allows us to use both 48 mm and 50 mm tubes.

### Usage:

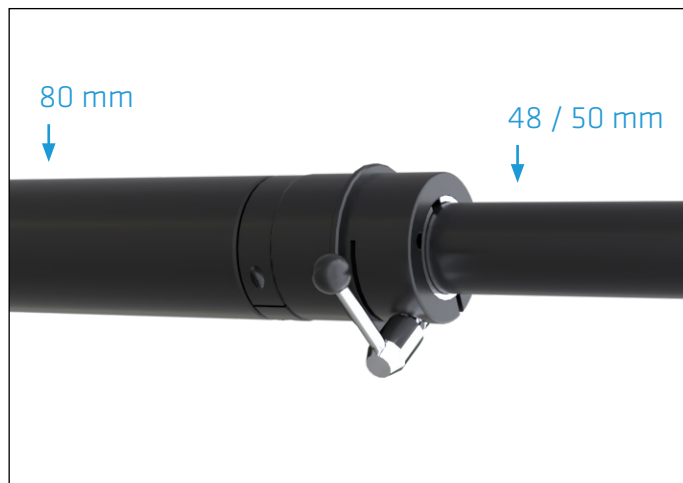

Adapter mounted on our Foxy 80mm Nose Mount.

Now you can add vertical tubes for all kind of riggs.

Adapter mounted on our 80mm Tube (Tube connector needed).

Due to our robust materials, the whole setup can be used in many different ways and directions.
