The only legal summary provider customized to your needs

Money back guarantee. We make things right.

Summary types

Page-line deposition summary

Detailed and precise 10:1 and 5:1 page line summaries, hyperlinked to ensure easy reference and thoroughness.

Medical record chronology

Organize medical histories into clear, gap-free timelines, enhancing clarity and accessibility of patient care documentation.

Tax return summary

Summarize years of tax returns in minutes giving the ability to deliver loss-of-income proof in personal injury cases or family law.

Narrative deposition summary

Comprehensive and readable narratives that capture the essence of depositions, highlighting key points and critical testimonies.

Medical record narrative

Accurate, well-structured, chronological summary of medical records in the form of a narrative or story.

And more!

Our white-label solutions allow for complete customization to match your firm's branding and specific content and formatting requirements.

Arbitration, trial, hearing or summaries

Customizable summaries for various legal proceedings, providing clear and concise overviews that meet specific case needs.

Police report summary

Quickly summarize the contents of a police report pulling out the specific elements that can be impactful for personal injury or criminal cases.
