PAVILIONS

A sheltered haven for family gatherings, a serene retreat for relaxation, or an impressive venue for entertaining guests, no matter the occasion our pavilions are the perfect choice.

Custom Alpine Pavilion with stained pine ceiling, 8" square posts, lighting package, and Azek wrapped beams and posts.

ALPINE

The Alpine Series looks great in a wide variety of settings. This style can be built with treated lumber, cedar, or pine and features a stunning open gable style, which offers a beautiful architectural element.

Above: Custom Alpine Pavilion in cedar, cedartone stain, 8" square posts with stone pillars, standing seam metal roof. | Right: Custom Alpine Pavilion in cedar, cedartone stain, 8" square posts with stone pillars, standing seam metal roof. Pictured without brackets.

Left: Alpine Pavilion in cedar, cedartone stain, 8" square posts, legacy panel metal roof. | Top: Alpine Pavilion in treated wood, charwood stain, 8" square posts, legacy panel metal roof, treated deck. | Above: Alpine Pavilion in cedar, cedartone stain, 8" square posts, legacy panel metal roof.

Left: Highland Pavilion in white vinyl, 6-1/2" square posts, double legacy panel metal roof. | Below: Highland Pavilion in adobe vinyl, 8" square posts with stone benches and pillars, double standing seam metal roof.

HIGHLAND

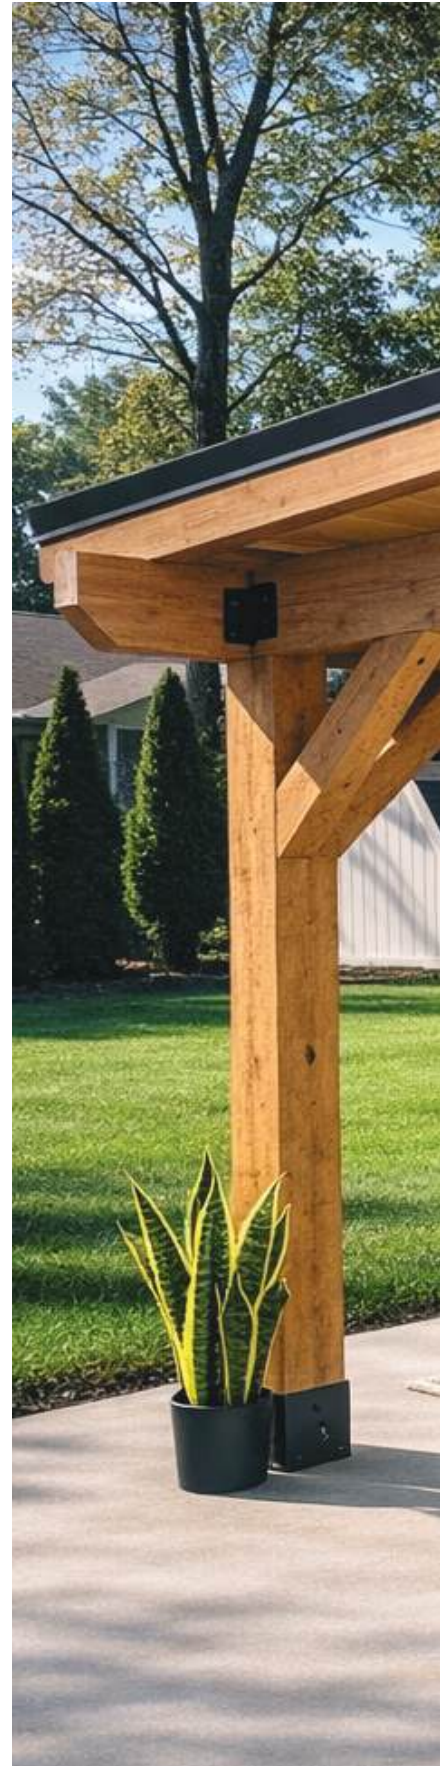

Our Highland Series is our most popular backyard pavilion style. The Highland pavilion can be built with vinyl, treated lumber, pine, or cedar. This style features a hip roof to give it that polished look.

Top: Highland Pavilion in white vinyl, 6-1/2" square posts, metal roof, featuring custom blinds. | Above: Highland Pavilion in white, 6-1/2" square posts, Azek bead board ceiling, standing seam metal roof. | Right: Highland Cedar Pavilion, cedar tone stain, 8" square posts, double legacy panel metal roof.

Below: Riviera Pavilion in cedar, canyon brown stain, 8" square posts, legacy panel metal roof, and cedar privacy wall. | Right: Riviera Pavilion in treated wood, 8" square posts, legacy panel metal roof.

RIVIERA

The Riviera Series has a streamlined appearance with clean lines. Riviera models come in cedar or treated lumber. Due to the flat nature of the Riviera Series roof, only metal roof types are available for this design.

ATTACHED OR FREE-STANDING

Either option gives you a new comfortable space to enjoy the outdoors.

OPEN OR CLOSED?

Pavilions with an open ceiling have exposed rafters (bottom left) while a closed ceiling (top left and right) does not. Both styles can be outfitted with a dimmable lighting and/or a ceiling fan. Either comes with beautiful pine or cedar tongue and groove.

PERGOLAS

Pergolas are a wonderful way to create a cozy setting or entertainment area outdoors. Whether you add it to your deck, attach it to your house, or set it up by the pool, pergolas offer elegance and charm to any property.

Right: Venice Pergola in white vinyl, 6-1/2" square posts, with galley rail upgrade.

VENICE

Venice Pergolas boast a sophisticated aesthetic and closely spaced angled slats, ideal for creating a cozy outdoor seating area with just the right amount of shade.

CAPRI

Sleek clean lines make the Capri ideal for modern homes, poolside retreats, or a lush garden for effortless style.

Capri Pergola in white vinyl, 6-1/2" square posts.

Below: Milan Pergola in adobe vinyl, 6-1/2" square posts.

Right: Milan Pergola in white vinyl, 6-1/2" square posts, attached to building.

MILAN

Milan's square, 1-1/4" slats provide a bright filtered shade, blending practicality with elegance to create a serene ambiance in your backyard. Enjoy filtered sunlight, striking the perfect balance between brightness and shade.

Below: Padova Pergola in adobe vinyl, 6-1/2" square posts. | Right: Padova Pergola in white vinyl, round column upgrade, pergola clips used for joist to beam connection, attached to house.

PADOVA

Discover the charming Padova Pergola, designed to offer gentle shade without compromising sunlight entirely. Featuring a no-slat design highlights the beauty of the pergola's joists and beams. This minimalist approach delivers a striking, modern presence while allowing natural light to flow freely.

THE DURALUX ADVANTAGE

Built for you and sized to your deck or patio, Duralux offers a refined outdoor structure that blends style and function. These high-performance materials create a lasting addition that elevates both comfort and curb appeal. One year warranty on workmanship. Vinyl components have limited lifetime warranty.

STANDARD FEATURES

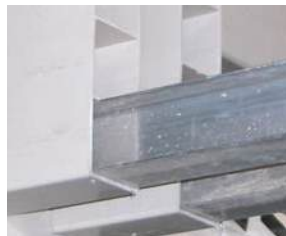

SHADED SERENITY

7/8x3" angled slats provide up to 75% shade.

ENGINEERED EXCELLENCE

2x6" joists are notched to sit firmly on beams.

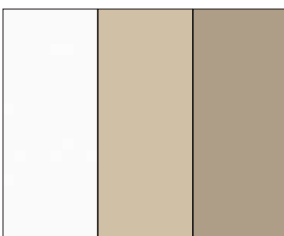

LASTING DURABILITY

2x8" beams have a core of southern yellow pine or aluminum channels.

CLASSIC FINISH

6-1/2" square post sleeves and trim rings complete the classic refined design.

CLASSIC COLORS

Available in white, tan, and adobe.

FIRMLY ANCHORED

Metal mounts used for decks or concrete patios. Treated posts used for inground applications. Wall plate used for attachment to house.

UPGRADES

Choose from a range of accents that bring character and versatility to your pergola. Whether it's added shade or distinctive design elements, these upgrades turn a beautiful structure into a space you'll truly enjoy. Choosing the column or post cap upgrades will slightly change the beam spacing and joist layouts.

COLUMNS

Choose 8" or 10" tapered columns..

POST CAPS

Enhance the look with deco caps.

LATTICE

Create shade, texture, and visual interest that blend form and function.

GALLEY RAIL

Add a touch of elegance and definition that frames your structure.

BLINDS

Enjoy adjustable comfort and privacy with custom-fit blinds.

Below: Sienna Pergola, cedartone stain, 8" square posts with stone pillars. Pictured without brackets. | Right: Sienna Pergola in cedar, dark oak stain, 8" square posts. NOTE: In-ground install uses treated posts wrapped in cedar.

SIENNA

Nothing compares to the natural look of highly desirable wood timbers. Available in cedar or treated lumber and include these standard features: 8" square posts, 4x12" beams, 4x6" joists, and 2" square slats that are 5" on center.

AZENCO

Azenco pergolas bring unmatched style and function to your outdoor living space. Designed with sleek modern lines and innovative features, they offer motorized louvers for customizable shade, weather protection, and year-round comfort. Built with premium materials for lasting durability, Azenco pergolas add beauty, versatility, and value to any backyard, patio, or commercial setting.
