FYLO

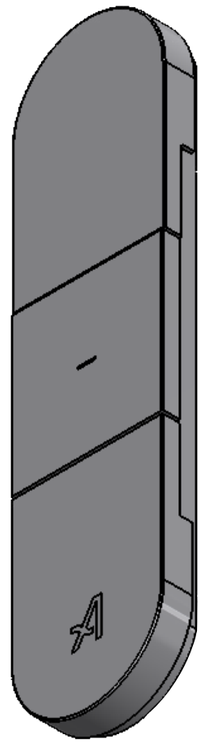

Elevate Your Interiors

FYLO is the elegant wireless switch designed by Amare specifically for the marine industry. Seamlessly integrating with Amare's patented ASW Wireless Automation system, FYLO eliminates traditional wiring, enabling easier installation and greater design flexibility.

Balancing functionality and aesthetics, FYLO switches are crafted with meticulous attention to detail, fitting perfectly into any interior while saving space and adding sophistication. Whether on a luxury yacht or in a stylish home, FYLO elevates the ambiance with a modern, sleek touch.

*
For proper signal transmission, limit metal or carbon shielding in the antenna area.

Amare

Premium Aesthetic

Advanced yet eco-friendly, Fylo switches are made from recyclable materials using light alloys and 3D printing. By reducing copper and plastic use, they achieve a lightweight design with lower resistance and energy consumption.

Fylo and the ASW system connect effortlessly to common onboard platforms via wireless protocols, simplifying installation and minimizing cabling needs.

Premium Custom Finishes

PATENTED

Product Overview

CONSUMPTION:
0.22 mA in transmission

AMBIENT TEMPERATURE:
-30°C up to + 70°C

STORAGE TEMPERATURE:
40°C up to + 80°C

PROTECTION RATING:
IP20

WEIGHT:
90 grams

INTERFACE:
navio-link

MODBUS CONNECTIONS:
second model

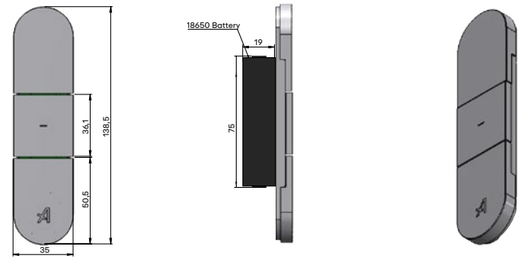

NOTE:
USB-C rechargeable battery
