

**KEYSER & MACKAY**  
ADDING VALUE TO YOUR PRODUCTS

## Coatings & Construction

### DELIVERY PROGRAM

Keyser & Mackay has been supplying the coatings and inks industry in Switzerland with a wide range of products for over 75 years.

Our technical sales team understands your needs and can support you with recommendations and solutions. Our portfolio covers the most commonly used raw materials for these industries. If you miss something, let us know. We will do our best to find a solution for you. ☒

Together with our partners, we also follow current trends in the areas of technology and sustainability in order to be able to offer the best solutions for the future.

| Producer           | Trade names                  | Descriptions                                             |
|--------------------|------------------------------|----------------------------------------------------------|
| <b>ADM Razgrad</b> | ADM PREGEL                   | Crosslinking Agents, Crosslinked Starch Rheology         |
|                    | ADM INDUSTRIAL ACID MODIFIED | Plasterboards                                            |
| <b>Adrasa</b>      | ADRATEX                      | Water Repellent                                          |
|                    | ADRASIL OF                   | Defoamer                                                 |
|                    | ADRASIL                      | Softener                                                 |
|                    | ADRAPOL                      | Antistatic Agent                                         |
|                    | ADRAOIL                      | Surface Additives                                        |
|                    | ADRAFOC                      | Flame Retardant                                          |
| <b>Agrigum</b>     | AGRI-SPRAY ACACIA            | Emulsifier, Gum Acacia, Adhesion, Film-Forming           |
|                    | AGRI TALHA                   | Emulsifier, Gum Acacia, Adhesion, Film-Forming           |
|                    | AGRI RAPID ACACIA            | Rheology, Emulsifier, Gum Acacia, Adhesion, Film-Forming |
|                    | AGRI POWDER ACACIA           | Emulsifier, Gum Acacia, Adhesion, Film-Forming           |
|                    | AGRI KIBBLEND                | Emulsifier, Gum Acacia, Adhesion, Film-Forming           |
| <b>Alichem</b>     | TWAX                         | Surface Additives                                        |
| <b>Allnex</b>      | VIAMIN HP                    | Special Resin SB                                         |

## About K&M

Keyser & Mackay is an experienced agent and distributor of specialty chemicals and equipment with an extensive network throughout the heart of Europe. Situated in the historic city of Amsterdam by one of the most beautiful 17th century canals, Leidsegracht 19 is the headquarters of a pan-European operating agent and distributor in chemical raw materials.

We represent over 100 suppliers producing a wide range of products including additives, pigments, fillers, polymers, surfactants, resins, silica's, wax emulsions, epoxy hardeners, silanes and many more.

We serve over 1000 customers with a full range of functional and synergetic products for many industries including coatings and printing inks, adhesives and sealants, plastics, construction, basic chemicals, food and feed, pharmaceuticals, personal care and many others.

Keyser & Mackay has 150 employees and offices in 8 countries in Europe, each having its own storage facilities. We work industry segmented with dedicated and experienced technically educated industry managers acting as problem solvers, supported by commercial inside sales teams. We take care of market investigation, sales promotion, logistic matters, warehousing, sampling and technical support to customers.

Adding value to your products is our goal in life. We are committed to giving support and quick response to our customers' needs, ensuring quality and transparency in all our services.

Being active in chemical distribution, we feel a large responsibility toward safety and health for our employees, customers and consumers of our products, as well as for the environment in which we live. We therefore strictly comply with all relevant regulations and rules as it comes to safety, health and environment.

We have rules and measures in place to reduce the risk for our employees, customers, society and environment to the minimum.

We constantly strive to improve our quality standards and performance and we are strongly committed to maintain our high level of engaged leadership and safety culture.

Responsible Care is the chemical industry's global initiative to drive continuous improvement and achieve excellence in environmental, health, safety and security performance.

Responsible Care embraces the development and application of sustainable chemistry, helping our industry contribute to sustainable development while meeting the world's growing need for essential chemicals and the products those chemicals make possible. As member of the Dutch Association of Traders in Chemical Products (VHCP), Keyser & Mackay is fully committed to the Responsible Care Program issued by the global chemical industry and complies to the eight core principles of Responsible Care.

ISO 9001 is an International Standard that gives requirements for an organization's quality management system (QMS). Keyser & Mackay Netherlands are ISO 9001:2015 certified, this demonstrates that we can meet the regulatory requirements and apply the system effectively by establishing basic requirements to assure product quality, so Keyser & Mackay can be of real benefit for our customers.
