DELIVERY PROGRAM

Poland | November 2026

Producer	Trade names	Descriptions
Ethox Chemicals	EXTHOXCARE HCO 40	Sulobilizer
	ETHOXCARE SOYSPERESE	Pigement Dispersant
	ETHOXCARE OCTG	Emollient, Solvent, Preservative Booster
	ETHOXCARE NATURAL PEARL	Pearlizing Agent
	ETHOXCARE GPHS	Naturally-Derived Emulsifier
	ETHOXCARE GMS SE	Emulsifier, Viscosity Builder
	ETHOXCARE GMS	Emulsifer, Thickening Agent
	ETHOXCARE G 2 MO - G 6 MO	Emulsifier
	ETHOXCARE G 10 MO	Solubilizer for Fragrances and Essential Oils
	ETHOXCARE BTMS 25	Conditioner, Self Emulsifying Wax
	ETHOXCARE 4075	Naturally-Derived Emollient, Viscosity Modifier
	ETHOCARE HVB	Thickener
Hangzhou Ruijiang Performance Material Science	RHAMNOLIPIDS	Biosurfactans
Health And Beauty Solutions	VOLCLAY NF-BCheal	Rheology Modifier
	VOLCLAY NF-BC	Rheology Modifier
	POLYTRAP RANGE	Emollient, Delivery System
	POLYTRAP 680TT	Anti-Acne, Delivery System
	POLYTRAP 6603	Adsorber
	POLY-PORE E100	Adsorber
	POLY-PORE 450 SA	Delivery System, Anti-Acne

Producer	Trade names	Descriptions
Health And Beauty Solutions	POLY-PORE 404HA	Anti-Ageing, Delivery System
	POLY-PORE 375JO	Emollient, Delivery System
	POLY-PORE 337HP	Delivery System, Bleach Agent
	POLY-PORE 120 RE	Anti-Ageing, Delivery System
	POLARGEL UV RANGE	SPF Booster
	POLARGEL RANGE	Rheology Modifier
	MICROSPONGE RANGE	Patented Delivery System for Active Ingredients, Anti-Ageing
	MICROSPONGE P009A	Anti-Acne, Delivery System
	MICROSPONGE N733SA	Anti-Acne, Natural Delivery System
	MICROSPONGE N RANGE	Anti-Ageing, Natural Delivery System
	MICROSPONGE N 720AA	Antioxidant, Natural Delivery System
	MICROSPONGE C133A	Antioxidant, Delivery System
	MICROSPONGE C128A	Delivery System, Skin Conditioning
	MICROSPONGE C116A	Skin Protecting, Delivery System
	MICROSPONGE N 700	Adsorber
	MAGNABRITE RANGE	Rheology Modifier
	LUXOMATTE RANGE	Mattifying
	EXMOLLIENT 7100	Emollient, Dimethicone Delivery System
	EXMOLLIENT 6038	Emollient, Mineral Oil Delivery System

Producer	Trade names	Descriptions
Orisil	ORISIL	Rheology, Rheology Modifier, Thickener, Fumed Silica, Hydrophilic Fumed Silica

About K&M

Keyser & Mackay is an experienced agent and distributor of specialty chemicals and equipment with an extensive network throughout the heart of Europe. Situated in the historic city of Amsterdam by one of the most beautiful 17th century canals, Leidsegracht 19 is the headquarters of a pan-European operating agent and distributor in chemical raw materials.

We represent over 100 suppliers producing a wide range of products including additives, pigments, fillers, polymers, surfactants, resins, silica's, wax emulsions, epoxy hardeners, silanes and many more.

We serve over 1000 customers with a full range of functional and synergetic products for many industries including coatings and printing inks, adhesives and sealants, plastics, construction, basic chemicals, food and feed, pharmaceuticals, personal care and many others.

Keyser & Mackay has 150 employees and offices in 8 countries in Europe, each having its own storage facilities. We work industry segmented with dedicated and experienced technically educated industry managers acting as problem solvers, supported by commercial inside sales teams. We take care of market investigation, sales promotion, logistic matters, warehousing, sampling and technical support to customers.

Adding value to your products is our goal in life. We are committed to giving support and quick response to our customers' needs, ensuring quality and transparency in all our services.

Being active in chemical distribution, we feel a large responsibility toward safety and health for our employees, customers and consumers of our products, as well as for the environment in which we live. We therefore strictly comply with all relevant regulations and rules as it comes to safety, health and environment.

We have rules and measures in place to reduce the risk for our employees, customers, society and environment to the minimum.

We constantly strive to improve our quality standards and performance and we are strongly committed to maintain our high level of engaged leadership and safety culture.

Responsible Care®
OUR COMMITMENT TO SUSTAINABILITY

Responsible Care is the chemical industry's global initiative to drive continuous improvement and achieve excellence in environmental, health, safety and security performance.

Responsible Care embraces the development and application of sustainable chemistry, helping our industry contribute to sustainable development while meeting the world's growing need for essential chemicals and the products those chemicals make possible. As member of the Dutch Association of Traders in Chemical Products (VHCP), Keyser & Mackay is fully committed to the Responsible Care Program issued by the global chemical industry and complies to the eight core principles of Responsible Care.

SYSTEM CERTIFICATION
ISO 9001
SGS

ISO 9001 is an International Standard that gives requirements for an organization's quality management system (QMS). Keyser & Mackay Netherlands are ISO 9001:2015 certified, this demonstrates that we can meet the regulatory requirements and apply the system effectively by establishing basic requirements to assure product quality, so Keyser & Mackay can be of real benefit for our customers.
