

# Vauxhall Showroom & Workshop

**Location:** Didcot

**Sector:** Commercial

**Client:** Vauxhall

Electrical installation for Vauxhall's Didcot showroom and workshop, delivering modern, efficient, future-proof infrastructure.

## What We Delivered

- High-demand power distribution
- LED lighting
- Vehicle charging and workshop outlets
- Data cabling and networking
- Commissioning and compliance

## The Challenge

Vauxhall required a reliable electrical setup for showroom, workshop, EV support, and future growth.

## The Outcome

Installed durable power with EV charging, workshop supplies, LED lighting, and data infrastructure, delivered on time and fully compliant.
