

ANGEL REACH

CHANGING LIVES. FOSTERING HOPE.

2024 ANNUAL REPORT

MISSION

Angel Reach is dedicated to breaking the generational cycle of abuse, neglect, and homelessness. Our mission is to empower homeless youth and those aging out of the foster care system by helping them transition to independent living. We also provide vital support to relatives who are working to keep children out of foster care, offering the services and resources they need to build stable, healthy futures.

VISION

Helping foster care children and youth achieve their full potential despite the obstacles placed on them by broken families and a broken system

This year at Angel Reach has been marked by transformation, growth, and renewed hope. Every client who steps through our doors carries a story, and we are honored to walk alongside them as they pursue healing, stability, and purpose. Through consistent engagement in our programs, young adults and kinship families have found support, guidance, and the tools to build brighter futures. None of this would be possible without our dedicated volunteers — individuals who give their time, heart, and talent to make a lasting difference. To all of you who share your time, treasure, and talents with Angel Reach, thank you!

A milestone moment this year was the successful opening of the Angel Reach Village. This long-awaited dream has become a vibrant reality, providing safe, supportive housing for young adults at risk of homelessness. Already, lives are being changed within its walls — young people are experiencing stability, achieving milestones, and stepping into a future filled with possibility.

Thank you for standing with us on this journey.

Dan Alexander
EXECUTIVE DIRECTOR

As I reflect on another outstanding year at Angel Reach, I am filled with deep gratitude for our dedicated staff and generous supporters who continue to make this organization a cornerstone of our community.

Our mission continues to grow, fueled by a community that so generously gives of its time, talent, and resources. I want to take a moment to recognize our incredible volunteers, both new and seasoned, who consistently engage, uplift, and support not only our mission but also the individuals we serve. Your unwavering commitment is vital to our success, and for that, we are sincerely thankful.

The work we do at Angel Reach is both challenging and deeply rewarding. For our staff and volunteers alike, it requires perseverance, compassion, and dedication. And yet, the impact of these efforts far outweighs the trials. It is truly inspiring to witness the personal growth and triumphs of the youth we serve. Their stories of transformation are what propel us forward, encouraging us to expand our programs and deepen our support to reach even more young people in this overwhelmed and underserved community.

Above all, we give glory to God, who remains at the center of our work. It is through Him that all things are possible, and we remain steadfast in our trust and faith as we serve. We are grateful for His guidance and the blessings He has bestowed upon us.

With gratitude,

Charles Maurice
CHAIRMAN OF THE BOARD

Who We Are

At Angel Reach, we are dedicated to making a lasting impact on the lives of Kinship Families, youth who have aged out of foster care, and those at risk of homelessness. Whether it's providing immediate essentials like food and clothing for children brought to families by CPS, offering a safe place for a youth to stay during a housing transition, or supporting long-term goals such as education,

employment, and life skills development, Angel Reach is there to help.

As a faith-based, trauma-informed community, we serve with compassion and purpose, nurturing families and youth in a loving environment. We walk alongside them at every stage of life, coaching them toward success and stability.

“

It took two years to get my granddaughter's adoption processed. During that time, Angel Reach helped me with anything I needed ... food, clothing, books ... all the things for her that I couldn't get on my own.

”

YEAR IN REVIEW

80

youths served in Transitional Living Services

191

people served in the Kinship Program

18,514

service sessions provided

7.3 months

average length of stay in the Transitional Living Program

Education

I came to Angel Reach after being homeschooled and told I would never be able to learn math, that I would never get it. But Angel Reach showed me different ways to learn. My employment coach believed in me when I didn't believe in myself. And now? I just passed my GED!

BARB

"I never thought I would ever be able to go to college. And look at me now, I'm attending Lone Star!"

30 youths served in education

11 graduates from HS/GED/ vocational and college programs

CLIENT SUCCESS STORY

Employment

I was looking for a place to stay, about three days from being homeless. It was very scary. I didn't think that I could ever live on my own. Angel Reach came and picked me up, gave me food, housing, and a whole lot of love. That was all I needed. Now, I'm very excited about the future and what the future holds for me.

DAVE

*"It's very nice knowing that
I now can support myself."*

35

youths served in
employment

4

youths in vocational
programs

Services

I came to Angel Reach speaking very little English. I thought I would never get my driver's license (something I wanted so badly) because everything was in English. After more than a year in the program, I DID get my driver's license, and I even just bought a car! Angel Reach helped me achieve a dream that I never thought was possible.

MANUEL

3,556
rides provided

124
driver's license
sessions

103
