SEQTA

About SEQTA Teach

SEQTA and International Baccalaureate

International Baccalaureate Programmes

The International Baccalaureate (IB) programmes encourage students to be actively responsible for their learning, develop critical thinking and inquiry skills, and be caring individuals. IB programmes are carefully designed to facilitate and promote learners' growth and encourage students to become:

Every learner is unique and SEQTA's solutions reflect this.

The SEQTA Suite is an all-encompassing teaching and learning ecosystem that eliminates data silos by consolidating multiple information sources into one easy-to-use teaching and learning management system (LMS). Empower teachers to meet IB requirements and standards, improve your school's efficiency and genuinely reduce teaching workloads with SEQTA's award-winning solutions.

Curriculum mapping and unit planning

Unit planner, lesson planning, supports multiple curriculums, lesson delivery, homework, assessment, marks book

Analytics and reporting
