

**Synergetic**

# Remove administrative burden to help your school thrive

Trusted by schools for over 40 years, Synergetic gives you control of your school operations. Simplify the complexities of running a school with a system that's built to streamline administrative processes, and get real-time insights and analytics to improve how your school runs.

# A trusted school management system that puts you in control

## Access Synergetic from a range of devices:

- **SynWeb**  
Secure online access to Synergetic, enabling staff to perform daily tasks efficiently
- **Community portal (parents and students)**  
Keep parents and students up to date with all your school's news and information
- **Windows (administrators)**  
Back-end database powered by Microsoft SQL Server; point and click interfaces with Microsoft Word and Excel
- **Arrival and departure terminal**  
Take the hassle out of managing attendance with automated sign-in and sign-out

## Extend the power of Synergetic with additional tools and integrations:

- **Payment gateway**  
Unlock full e-commerce features and accept payments online
- **Front end Microsoft PowerBI dashboards**  
Intelligent interactive dashboards for data visualisation
- **Partner ecosystem**  
Including SEQTA, AssetWhere, HROnboard, Consent2Go, Wonde and more

## Introducing your new team of experts
