

**Synergetic**

## Controlling payments with NAB

If your school prioritises strong financial control, high security and seamless integration, NAB Transact is a powerful payment solution to consider. As a fully integrated, compliant e-payment gateway for the Synergetic Community Portal and Online Application Portal, NAB Transact enables you to process payments easily, securely and on your own terms.

NAB Transact connects directly to your existing school bank accounts, giving you flexibility with surcharge control, instant payment posting and safer handling of encrypted card data.

### Synergetic's NAB integration gives your school:

- Secure payment processing via Visa, Mastercard and Amex
- Instant, automatic reconciliation to general ledger and debtors
- Safe credit card storage for recurring payments and plans
- Full support for application fees, excursions, events, donations and more
- Surcharging options for different card types and transaction styles
- Compliance without storing credit card data in Synergetic

**Enterprise grade security**

DSS compliant with tokenised card storage.

**Automatic reconciliation**

Real-time posting to debtors and general ledger.

**Custom surcharges**

Set by card type as a flat fee or percentage.

**Bank flexibility**

Use your school's existing bank account.

**Stored cards**

Enable recurring payments and payment plans.

# NAB Transact: Ideal for schools wanting control and enterprise-grade security

NAB Transact offers full transparency over how fees are calculated and allows large schools to optimise costs based on transaction mix and card use.

## NAB Transact

### Pricing structure

Interchange, scheme and acquirer fees calculated per transaction.

### Transparency

Full visibility into each cost component (ideal for large transaction volumes).

### Customisation

Fee negotiation possible with NAB and Amex, limited control over specific card types surcharge per card type configurable.

### Security and compliance

Compliance, card tokenisation, SSL requirement.

### School bank compatibility

Works with your existing bank account – no need to switch.

### Reconciliation

Real-time transaction posting to Synergetic finance system.

### SEQTA Parent Portal compatibility

Yes, via Community Portal integration and Single Sign-On.

## Perfect for schools that:

- ✓ Want control over fees and surcharge configuration
- ✓ Require detailed transaction breakdowns for auditing and reporting
- ✓ Already use SEQTA Engage Parent Portal and want seamless parent experience
- ✓ Prefer to work with their existing banking relationships
- ✓ Need high-volume, secure payments across multiple portals
