COMPANY DATA

Founded in 2000 and headquartered in Columbus, Ohio, 889 Global Solutions is a certified Minority and Women Business Enterprise (MBE/WBE) and trusted contract manufacturing partner to state and federal agencies. We deliver compliant, cost-effective sourcing solutions across Medical, Industrial, Machinery, Construction, Healthcare, and Foodservice Equipment – backed by a premier global manufacturing network and a streamlined, end-to-end procurement process. FAR 889 compliant and free of prohibited telecommunications and video surveillance equipment, 889 Global Solutions brings two decades of international supply chain infrastructure, rigorous quality control, and dedicated government account management to every contract – ensuring agencies receive mission-ready products on time, on budget, and audit-ready.

CORE COMPETENCIES

Contract Manufacturing, Assembly & Kitting: End-to-end sourcing of Medical, Industrial, and Chemical products including forging, die-casting, extrusion, auto parts, and precision machined components – manufactured to federal quality and compliance standards.

Construction Materials & Supplies: Aggregate, Asphalt, Guardrail, Paint, Hardware, and Tools – supporting federal infrastructure, transportation, and facilities maintenance contracts with proven ODOT award history.

Healthcare Equipment: Medical Beds, Computer Carts, Monitor and Tablet Carts, Medical Equipment and Supply Cabinets, Wall-Mounted Workstations, and Automated Dispensing Cabinets – sourced and delivered to federal healthcare facilities, VA systems, and DoD medical commands.

Foodservice Equipment: Restaurant Equipment, Commercial Refrigeration, Kitchen Supplies, Disposables, Shelving, Storage, and Commercial Ice Machines – supporting federal dining, commissary, and institutional foodservice operations.

MBE/WBE Procurement & Supplier Diversity Services: Helping federal prime contractors and agencies meet mandatory supplier diversity, small business subcontracting, and Tier 2 spend goals through certified MBE/WBE sourcing and supply chain solutions.

DIFFERENTIATORS

- 20+ Years of Global Sourcing Expertise
- Two Decades of State Contract Performance
- PREMIER Global Manufacturing Network
- Specialization in Custom Metal, Plastic, and Assembly Solutions
- Robust Quality Assurance & Supplier Performance Tracking
- Title-Taking Capability – Reduces client risk, ensures compliance, and controls logistics
- Proven Ability to Support Large-Scale Government Contracts

AWARDED CONTRACTS

OHIO DEPARTMENT OF TRANSPORTATION

Awarded multiple contracts for Asphalt Concrete, Bituminous Mixes, Aggregate, Glass Beads for Traffic Paint, and Guardrail systems – demonstrating sustained performance on state infrastructure procurement with full compliance, on-time delivery, and competitive pricing.
