

# Steribite® Single-use Kerrisons

**SPARTAN®**  
M E D I C A L

## SHARP AND SAFE FOR EVERY CASE

STERIBITE® single-use kerrison is winning  
over surgeons, hospitals and surgery centers.

Single-use kerrisons ensure you always have a sharp, sterile instrument on hand. The new, more surgeon-friendly STERIBITE® solution is built to function as well or better than expensive reusable models in all these ways:

- Easy-grip handle for more surgeon comfort
- Ultra-thin footplate reduces risk of nerve damage
- No screws that can fall out during procedures
- Color-coded handles for quick and easy identification
- 1mm through 5mm tips in 8" lengths
- 2mm through 5mm tips in 11" lengths

 **Steribite®**  
Made in USA

## STERIBITE® Disposable Kerrison 40d UP, 8" (Standard Size)

VA Vendor #	OEM #	Size	Qty
