

How to set up call blocking on an android phone

1. Open the Phone app.
2. Tap the Recents (or Recent Calls) tab to view your call history.
3. Find the number you want to block and tap it (or tap the ⓘ information icon if shown).
4. Select Block or Block/Report Spam, then confirm your choice.

To View or Add Blocked Numbers

1. Open the Phone app.
2. Tap the three dots (⋮) in the top-right corner and select Settings.
3. Tap Blocked numbers.

Here you can:

- View all numbers you've blocked.
- Unblock a number if you change your mind.
- Tap Add a number to manually enter and block a telephone number.

Please note: Menu names and options can vary slightly depending on your Android phone manufacturer (such as Samsung, Google Pixel or Motorola) and the version of Android installed.
