PRESS RELEASE

AELF Announces Recent Leasing and Trading Activity

Announces Leases to Amazon and Finnair, Asset Sales to Aersale, Wyatt Aerospace and others

CHICAGO, April 8, 2025 – Aircraft Engine Lease Finance, Inc (“AELF”) today announced several aircraft and engine transactions completed in recent months.

In the first part of the year, AELF has leased two engines on long term operating lease. The first, a CF6-80C, was leased to Amazon and the second, a CF6-80E, was leased to Finnair.

The company has also completed the sale of three engines, two of which are CF6-80Es which were sold to Aersale, and a PW4168A sold to LGM.

In addition, AELF recently sold three of its A330-200 airframes. The company sold the MSN 970 airframe to Setna iO, MSN 466 and MSN 472 airframes to Arizona-based Wyatt Aerospace.

“In addition to our strong leasing focus, our team has been very active on the trading side in recent months,” said Joe Cirillo, Chief Commercial Officer. “We continue to expand our fleet with the right asset classes, while taking advantage of opportunities to trade out and refine the portfolio as we move forward.”

ABOUT AELF

Aircraft Engine Lease Finance Inc. (“AELF”) is an experienced commercial aircraft lessor. Based in Chicago, AELF offers customized and flexible financing solutions to airlines and commercial aircraft operators worldwide. AELF has been in operation for a decade and is continually expanding its commercial aircraft and engine portfolio, with a strong current focus on the 737NG market.
