

Casa Caminata

Retreats & holidays

Casa Caminata was born with the intention to facilitate a serene environment where to relax, grow and embark on a self-discovery and healing journey. It's founders, Alba and Alhu Lara, have been for years on the path of wellbeing and healing through yoga, meditation, and various therapies, interest that they inherited from their mum, Isabel, the original founder of the house. Located in the UNESCO world heritage town of Úbeda and surrounded by mountains and olive trees fields, Casa Caminata is also the perfect place to discover the charms of the southern Spanish culture, gastronomy and nature.

Location

Nestled among olive tree fields and mountains, our beautiful UNESCO world heritage town is well known not only for being a unique example of a Renaissance town of the Italianate style of the 15th and 16th centuries, but also for its restaurants and tapas bars and excellent gastronomy. Olive oil is, of course, the star product of the area.

Ubeda's tranquil atmosphere will set us for a relaxing holiday, giving us almost a sense of traveling back in time to a moment where only the sunrise and the sunset would mark the beginning and the end of our days.

We can help you arrange transfer from the airport to the venue.
