BUILT BY US DUCT**

A NOTE FROM OUR CEO

THE REAL PRODUCT WE SELL ISN'T IN THIS BROCHURE

If you read only one page in this brochure, this is it. Make it this one.

Because the most important thing I can tell you about US Duct is simple: **We don't sell ductwork. And we don't sell dust collectors.**

Yes, we manufacture one of the industry's broadest selections of industrial ductwork, tubing, dust collection, fume collection, mist collection, separators, and waste management solutions.

And yes, we build clamp-together ductwork. Flanged systems. Leak-free tubing. Elbows. Branches. Gates. Valves. Stainless. Galvanized. Dust collectors. Separators. Hoppers. Accessories. Spark Traps.

But those products are not why our customers choose us. Nobody wakes up in the morning hoping to buy ductwork.

- ✓ Dealers want to grow profitably.
- ✓ Engineers want designs that perform.
- ✓ Contractors want installations that go smoothly.
- ✓ Facility operators want production running efficiently with less downtime.

What our customers are really buying is productivity, reliability, and profitability. It's that simple.

That's where US Duct is different.

Every product we design, engineer, and manufacture starts with a simple question:

How will this help our customers operate more efficiently and make them more profitable?

That philosophy influences EVERYTHING we do.

For Dealers, it means complete system solutions, faster quoting through DuctQuote, dependable lead times, proven products, and dealer programs designed to improve their margins.

For Engineers, it means configurable solutions, broad product availability, responsive technical support, and performance-focused designs that help them deliver successful projects.

For Contractors and Installers, it means systems that fit correctly, install faster, require fewer field modifications, install without need for specialized labor and are backed by knowledgeable support when it matters most, delivering profitable projects.

For Facility Operators, it means solutions engineered to maximize airflow performance, reduce maintenance requirements, simplify compliance, keep production moving, and improve their bottom line.

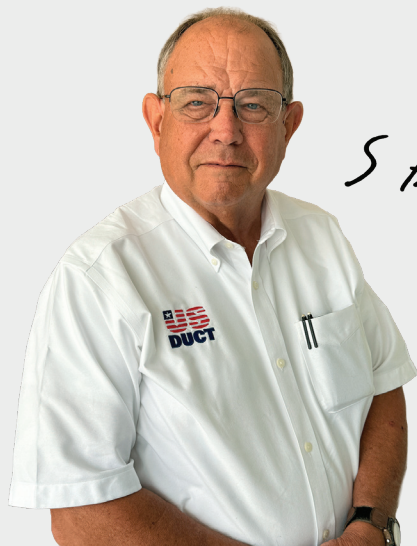

The ductwork, collector, separator, or tubing system is simply the final physical product; it is the means to these ends.

The real value is the thinking behind it and how we put them together to deliver performance solutions.

For more than three decades, US Duct has helped customers across North America solve complex industrial air handling and waste collection challenges. Our mission has never been to manufacture more ductwork.

Our mission is to help our customers make their business safer, more productive, and more profitable.

I invite you to explore our product lines and discover how US Duct can help your business **ACHIEVE EXACTLY THAT.**

Steve McDaniel
CEO, US Duct

WHY LEGEND?

BIG PERFORMANCE, SMALL FOOTPRINT

Legend delivers high-performance dust and fume collection equipment designed for demanding Industrial environments. Whether collecting wood dust, plastic trim, grinding debris, or welding fumes, Legend systems help facilities improve air quality, maintain compliance, protect employees, and decrease lost production time.

POWERFUL PERFORMANCE. LESS FLOOR SPACE.

Engineered to deliver high-efficiency dust, fume, and mist collection without taking up valuable floor space. Get the airflow and filtration you need in a system designed to fit your operation.

INDUSTRIAL PERFORMANCE WITHOUT THE INDUSTRIAL FOOTPRINT.

Legend and Dustek systems provide the collection power your process demands while helping you maximize production space and simplify installation.

EVERY SQUARE FOOT OF YOUR FACILITY MATTERS.

Legend and Dustek systems are engineered to deliver powerful dust and fume collection in compact footprints, helping you preserve valuable production space without compromising performance.

COMPLETE INDUSTRIAL WASTE COLLECTION SOLUTIONS

PERFORMANCE DUST COLLECTION SYSTEMS

POWERFUL. EFFICIENT. BUILT TO PERFORM.

- Available in 3 sizes (FROM 5-15HP)
- Available in 2,000 CFM to 5,000+ CFM
- 10-inch+ static pressure
- 20-second Quick-change Hopper
- Auto shaker standard
- Enclosed outdoor units available

- Available in 2 series (Classic and Whispurr)
- Available in 3 HP to 25HP
- Available in 1,200 CFM to 8,500 CFM
- Choose the Whispurr series for ultra-quiet operations
- Polyester filter bags with Teflon® options
- Plastic bags for collection

IDEAL FOR WOODWORKING • PLASTICS • PAPER • COMPOSITE MATERIALS

HOPPERS, INLINE SEPARATORS, ROTARY AIRLOCKS

ENGINEERED COMPONENTS THAT KEEP YOUR
SYSTEM RUNNING AT PEAK PERFORMANCE.

QUICK-CHANGE HOPPER (Patent Pending)

- Full 1.02 Cubic yard capacity
- Capture 6 bags of waste in single use
- Rotate 2 hoppers to minimize downtime
- Self-dumping hoppers also available

SELF-DUMPING HOPPER

- Available in three sizes- .75, 1.4, 2.2 cubic yard capacity.
- Multiple lid configurations
- Powder Coated, 10-gauge steel

ROTARY AIRLOCK

- Meters dust while maintaining static pressure
- Available in 4 inlet sizes to fit most openings
- 3/8" steel sidewalls
- Heavy-duty, 10-gauge steel body
- 1 15/16" steel shaft with a 2HP motor (230/460V)
- 4-6 durable rubber sweeps for sealing

SEPARATOR (Patent Pending)

- Remove up to 90% of bulky waste BEFORE the collector
- Up to 90% decrease in lost production time
- Waste deposits directly into Hopper or dumpster
- Available for any size application

SOURCE CAPTURE SOLUTIONS

CAPTURE CONTAMINANTS AT THE SOURCE
BEFORE THEY ENTER THE WORKPLACE.

LEGEND EXTRACTION ARMS

- Hanging Extraction arms
- Self-standing Extraction arms
- 360-degree rotation
- Welding fumes
- Grinding Operations
- Dust Control

LEGEND SELF-CLEANING FUME EXTRACTOR

- Standard, HEPA and portable Fume extractor options
- Casters for easy mobility
- Strong steel construction
- Powder coated for durability

LEGEND SPARK TRAP

TUMBLE GRIND SPARKS AND EMBERS THROUGH A TORTUROUS PATH.

- Exclusive US Duct patented technology
- Your safety is key, eliminate sparks before they enter your dust collector.
- Rugged steel construction
- Tool free cleanout door
- Minimal pressure drop
- No additional space is required; it can be placed directly at the collector

INDUSTRIAL DUCTWORK AND WASTE MANAGEMENT SOLUTIONS

SOLUTION DRIVEN. END-TO-END.

- Fast installation with easy-to-install clamp-together duct systems
- Tailored solutions designed for your facility, equipment, and dust-handling needs
- Duct experts provide step-by-step guidance from design through installation.
- Great for woodworking, metalworking, CNC machining, laser cutting, and industrial manufacturing

- 100% Leak-free performance
- Easy install with Clamp-together connections
- Stainless steel and galvanized
- Ideal for oil mist applications, battery manufacturing, chemical processing, pharmaceutical and high containment applications.
- Anywhere it must not leak.

ABOUT US DUCT

With more than three decades of experience in the duct industry, US Duct has provided North America's manufacturing industry with the widest variety and range of manufactured ductwork, tubing and waste management solutions that solve the real problems facility operators, engineers, contractors, and dealers face every day. Every product is built in the United States, designed for performance, and supported by people who understand industrial waste collection from the capture point to the collector.

DUSTEK

PERFORMANCE DUST COLLECTION SOLUTIONS

BECOME A LEGEND DEALER

PARTNER WITH A BRAND YOU CAN TRUST.
BUILD A BUSINESS THAT WILL GROW.

STOCK & SHIP OPPORTUNITIES

- Faster Deliveries
- Local inventory
- Shortest lead times
- Ships with duct

SALES SUPPORT

- Product training
- Technical resources
- Quoting assistance

MARKETING SUPPORT

- Literature
- Digital assets
- Lead sharing opportunities

GROWTH OPPORTUNITIES

- Expanded product portfolio
- Recurring replacement parts business
- Competitive dealer margins
