

PICO

LUXURY SWING

Door System

REFINED DESIGN. A WELCOMING ENTRANCE.

Pico Swing Doors bring the same minimalist design and exceptional performance as our Pico Bi-folds, now in a refined swing configuration. With ultra-slim 1-7/8" stiles and rails, concealed hinges, and exceptional thermal efficiency, Pico Swing Doors create stunning, light-filled spaces. Optional fixed sidelights expand the glass area and offer more design flexibility.

MINIMAL SIGHTLINES

Featuring sleek 1-7/8" stiles and rails with a 2-1/2" lock stile, Pico Swing Doors maximize glass and expand views with a clean, contemporary aesthetic.

CONCEALED HINGES

Concealed hinges in black stainless steel create a clean, modern look, with no visible hinges when the doors are closed.

OVERSIZED PANELS

Panels up to 48" wide and 120" tall create generous openings with fewer visual interruptions.

ENGINEERED FOR STRENGTH

An LVL core provides strength, complemented by a 3/16" interior wood veneer and 1/8"-thick aluminum reinforcement.

ENERGY PERFORMANCE

STANDARD LoE 366

Dual glazed with argon
