## G.T. JONES CONTRACTING ACQUIRES CABLE PLOUGH ASSETS

GT Jones Contracting and A Thomas Plant Hire Ltd are pleased to announce that GT Jones Contracting has acquired the Cable Plough assets formerly owned and operated by ATP.

This acquisition includes the retention of both experienced staff and specialist equipment, ensuring continuity of service and the ongoing use of a highly skilled workforce. We are delighted to welcome the team and look forward to building on the strong foundations already in place.

In addition, GT Jones has separately invested in a Tesmec Trencher, further strengthening our cable installation capability.

This represents a significant investment for GT Jones Contracting and marks an exciting new challenge as we continue to expand our capabilities and service offering. We would like to thank Jason Thomas and A Thomas Plant Hire Ltd for their professionalism and support throughout the transition process.

We look forward to working with new and existing clients and developing strong, long-term relationships as we move forward.
