Resourceful, curious and ambitious media technology bachelor alumni with an almost finished bachelor in interaction design. Have several years of experience working in both large and small business environments, as well as experience as a leader in youth sports. Possesses a strong passion for the world of media, design and art, with a primary interest in **project management, production leading, media production, sustainable design, design research and design methodology**. In leisure time, enjoys engaging in creative activities of various forms such as painting or listening to music. Also loves to road bike along Skåne's biking paths.

## EDUCATION

### Interaction Design Bachelor degree

Malmö University, Sweden 180 credits Year 2022 –

- Internship HT24, 30 credits (elective course)

### Media Technology Bachelor degree

Malmö University, Sweden 180 credits Year 2019 - 2022

My bachelor thesis was a case study about the digitalization work at Malmö Museer, Sweden.

- Exhibition Design VT22, 15 credits (elective course)
- Design Studies – history, theory, criticism HT21, 15 credits (elective course)

### Free-standing courses

Digital Photography, Summer 2024, 7.5 credits, Blekinge Tekniska Högskola, Sweden

### Upper secondary school

Folkungaskolan, Linköping, Sweden Year 2014 – 2017. Ekonomiprogrammet / Economics and Law Program

## WORK EXPERIENCE

### Internship with Associate Senior Lecturer Lizette Reitsma at Malmö University, Sweden

Sept 2024 - Jan 2025. Internship course 30 credits (elective)

My tasks were for the research project Indigenous Climate Observatories that Lizette is a part of. One task was to together with the project's researchers create a website for the project. Another task was to collaboratively shape a design process model and toolbox for the project's design process. I also planned and executed together with Lizette a workshop. **Key learnings include more knowledge about the research field, working with graphic design, interpreting task briefs and working in a research team.**

## Amanuens in the IOIO lab at Malmö University, Sweden

Oct 2023 - Jun 2024 & Sept 2024 - Jan 2025. Fixed-term employment

Duties included the co-management of the lab's inventory, organizing and executing skillsharing sessions and assisting in other students' projects. This role also included being a teaching assistant in the courses Programming and Prototyping & Making for first-year students. This role has given me experience in teaching and coaching, as well as management and structuring skills.

## Free-lancing Design Consultant for a student's design and innovation project

May 2024 - Jun 2024. Fixed-term employment

This was firstly an assignment in the lab which then became a freelancing work. Together with another IOIO employee we assisted a student from another faculty with the design process in their design and innovation project. This by providing guidance in structuring a design process and how to reach out and involve potential stakeholders. Also, we planned, facilitated and executed workshops and an interview. Key experiences are working towards a "clients" wishes and needs and stepping into other fields of design and innovation.

## Co-producer of IxD Bachelor program exhibition, Malmö University, Sweden

Feb 2023 - May 2023 & Feb 2024 - May 2024. Fixed-term employment

Gained valuable experience in planning and executing an exhibition for roughly 60 participants for the end-of-year interaction design bachelor programme exhibition. Learnings from this role is working in a project team with divided and shared responsibilities. Also to map and identify what needs to be done and to foresee potential scenarios.

## Salesperson at Runners' Store Sweden AB

Oct 2017 - Sep 2021. Full-time and part-time employment

Conducted fittings and screenings of running techniques for shoe customers. Performed basic analysis of injuries and strains. Valuable experiences include beginner knowledge of biomechanics, motion analysis, and customer interaction. I also gained experience in teaching new employees about the work-role.

## Personal Trainer at SATS Sweden

Feb 2018 - July 2018. Full-time employment

Worked as a personal trainer and group instructor with specialized training in Endurance Training. Key experiences from the job include coaching and leading individuals/groups and pedagogical skills.
