

Asset Project Delivery

Position: Asset Project Delivery Manager

Reports to: Head of Asset Management

Location: National

Job Summary:

We are seeking a highly motivated and experienced Asset Project Delivery Manager to lead the planning, execution, and delivery of strategic asset-related projects. This role is pivotal in ensuring that infrastructure, facilities, and equipment projects are delivered on time, within budget, and to the highest standards of quality and compliance.

Key Responsibilities:

- Lead end-to-end delivery of asset projects, from initiation through to completion and handover.
- Develop and manage project plans, budgets, timelines, and resource allocations.
- Collaborate with internal stakeholders, contractors, agencies, and suppliers to ensure project alignment with business objectives.
- Monitor project risks and implement mitigation strategies.
- Ensure compliance with relevant health, safety, environmental, and regulatory standards.
- Provide regular reporting and updates to senior management and stakeholders.
- Drive continuous improvement in asset delivery processes and systems.

Requirements:

- Proven experience in project management, ideally within asset-intensive industries.

- Strong understanding of asset lifecycle management and capital delivery frameworks.
- Excellent leadership, communication, and stakeholder engagement skills.
- Proficiency in project management tools and methodologies.
- Qualified in Engineering, Project Management, or a related field (or equivalent experience).
- Ability to manage multiple projects simultaneously in a fast-paced environment.

Desirable Attributes:

- Experience with digital asset management systems.
- Knowledge of sustainability and energy efficiency practices in asset delivery.
- Professional certifications in project or asset management.

Communication Skills:

Strong written and verbal communication skills to effectively document findings and collaborate with team members.

Attention to Detail:

A methodical approach with strong attention to detail in data collection and report preparation.

Health and Safety:

Adherence to all company health and safety policies.

Role Specification

What we offer:

- Competitive day rate.
- Opportunities for professional development and career progression.
- A collaborative and inclusive work environment.
- Flexible working arrangements.

Application Process:

Please submit a CV and cover letter detailing your interest in M&E surveying and any relevant experience or skills you possess.
