

COMPANY PROFILE

ENGINEERING THE FUTURE

ABOUT KRAATZ

INDUSTRIAL
MARINE
OFF-SHORE
MINING
OIL & GAS

Kraatz, a proud subsidiary of the Ohlthaver & List Group of Companies, has been a cornerstone of Namibian engineering excellence since 1947.

With a legacy steeped in rich heritage and unwavering commitment, we are a trusted name among national and international clients across the on-shore, off-shore, mining and industrial sectors.

Our presence in **Walvis Bay** ensures that we deliver comprehensive, world-class and value-driven engineering solutions tailored to meet the unique needs of our clients.

Kraatz is not just service provider, but a partner, dedicated to fostering growth and innovation through exceptional and engineering expertise.

We are also ISO 9001:2015 certified from Det Norske Veritas (DNV), emphasising our commitment to international quality management standards.

Our core business provides specialised estimation, fabrication, installation, service, repair & maintenance to a vast range of assets in the industrial & maritime engineering industries.

SECTORS / KEY FOCUS AREAS

SECTORS

- Mining & Mineral Processing
- Marine & Off-shore
- Oil & Gas
- F&B Processing
- SMPP Construction
- Renewable Energy

KEY FOCUS AREAS

- Project Management & Operations
- Structural Steel Fabrications / Installations
- SMPP Construction
- Process Plant Maintenance
- On-site Project Support
- Workshop / Machine Shop Facilities / Laydown Areas
- Flexible & Reliable Workforce Outsourcing
- Supply Chain Management
- Human Resource Management

“

AS A TRUSTED LEADER IN INDUSTRIAL AND MARITIME ENGINEERING AND ONE OF THE LONGEST STANDING ENGINEERING COMPANIES IN NAMIBIA, KRAATZ EXCELS IN PROVIDING INNOVATIVE, FIT-FOR-PURPOSE ENGINEERING SOLUTIONS THAT UTILISE CUTTING-EDGE TECHNOLOGY AND SPECIALISED SERVICES, ENSURING THE HIGHEST STANDARDS OF QUALITY AND CUSTOMER SATISFACTION.

”

OUR IDENTITY

At Kraatz we are proudly aligned to the O&L Persona – our high-performance heartbeat that represents the O&L organisation. We embody the O&L Persona of being authentic, caring and passionate and our exceptionally dedicated and handpicked team consistently delivers ingenious, tailor-made engineering solutions through our world class expertise and technology.

OUR VALUES

Let's Talk | Let's do it | Hooked on results | We grow people | We all serve
| Naturally today for tomorrow | We do the right things

OUR VISION

Engineering the future with purpose, precision and pride.

OUR PURPOSE

Kraatz exists because of its people who are passionate about working hard to solve complex problems in the industrial engineering sector. Ultimately we aim to make a difference and ensure sustainable outcomes for all stakeholders and by doing so boost our economy & standard of living for our communities and people.

OUR PEOPLE

We believe that a company is only as good as its people. We therefore invest significant time and resources in development and create an attractive working environment for all our employees.

OUR MISSION

To deliver world class, innovative engineering solutions that power our client's success and drive sustainable development.

SHEQ

Our goal is to maintain and improve our culture of responsibility where safety, health, environmental and quality compliance in the workplace takes priority.

MARINE & OFF-SHORE

WALVIS BAY

SECTORS

- Project Management & Operations
- Multi-Disciplined Service Teams
- Flexible & Reliable Workforce Outsourcing
- Planning & Costing
- Procurement / Project Support
- Resource Management
- Project Design
- Steel Fabrications & Installations
- Service / Maintenance & Modifications
- Specialised Welding
- Mechanical Work
- Structural Modifications
- Customs Services / Bonding
- Bunkering Services
- Launch Services / Taxis
- Project Client Facilities
 - Laydown Area
 - Workshop & Storage
- Quayside / Alongside Space
- Dry Docking
- Crane Logistics
- Project - Mobile Facility Units
- Scaffolding / Working Platforms
- Rope Access
- Rigging
- 3rd Party NDT / INSP
- Installations / Maintenance
- HSSE
- Blasting & Coating
- Machining
- Marine Electrical / Technical
- Tech / Instrumental
- Hydraulics
- Tank Cleaning / Gas Free
- Waste Material Handling
- Hull Repairs
- Conversions
- Propulsion Repair
- Pipework
- Travelling Repairs
- Carpentry

MARINE & OFFSHORE CLIENTS

SCHLUMBERGER
PUMA
TRANS OCEAN
ENGEN
ODFJELL DRILLING

AFRISHORE
TIDEWATER
HANGANA SEAFOOD

WORKSHOPS / MACHINE SHOP

WALVIS BAY

WORKSHOP

- **Press Brakes** (max plate thickness 20mm; bend length 3600mm)
- **Horizontal Rolls** (max plate thickness 20mm; max length 2000mm)
- **Guillotine** (max plate thickness 13mm; max length 3100mm)
- **Punching Machines** (max hole size 30mm)
- **Plasma Cutters** (max plate thickness 60mm)
- **Lazer Cutter** (max plate thickness 25mm – depending on type of metal)
- **Motorised Flame Profile Cutters**
- **Circular Saws**
- **MIG Welding Machines**
- **TIG Welding Machines**
- **Overhead Cranes** (16 ton + 12 ton + 5 ton)
- **Hydraulic Presses** (180 tons)

MATERIALS

- Carbon steel (Lloyds GR A)
- Stainless steel
- Aluminium
- Copper
- Yorcalbro
- CuniFe
- Duplex
- VRN wear plates
- Hardox wear plates
- Creusabro 8000

Spacious Workshop Areas:
5200m²
Equipped Welding / Fabrication
Areas
Lifting & Hoisting Equipment
Red Seal Rigging Team
Storage Space / Laydown Areas
Cleaning & Painting Areas
Testing & Inspection Areas
Machining

Plasma Cutting
Piping
Platework
Fitting
Drilling
Milling
Line Boring

SENIOR MANAGEMENT TEAM

Frank Kernstock
Managing Director

Ndina Modino
Human Capital Manager

Francois Champion
Financial Director

Pieter De Witt
General Manager:
Marine and Offshore

Superintendent: Marine

ENGINEERING SERVICES & PRODUCTS

WORKSHOPS

- Walvis Bay

MACHINE SHOP

- Walvis Bay
- Marine, Mining, Industrial
- Fitting, Milling, Drilling
- Line Boring

MARINE & OFF-SHORE

- Ship Repair & Modifications
- Steel Fabrication & Installation
- Red Seal Rigging
- Dry Docking
- Off-shore Service Teams
- Steelwork, Blasting & Coating
- Propeller Repair & Alignment

INDUSTRIAL

- Strategic Project Management
- Specialised Planning & Costing
- Mechanical Service & Maintenance
- Fabrication & Installation
- Structural Modifications
- Skilled & Flexible Service Teams
- International Quality Standards

MINING

- Mining Assets Maintenance & Repair
- Steel Fabrication & Installation
- SAG / Ball / Rod Mill Refining & Repairs
- Tank Building API 650
- Strip Down Inspections
- Mechanical Work
- Plate Work / Piping / Ducting

KRAATZ

ENGINEERING THE FUTURE

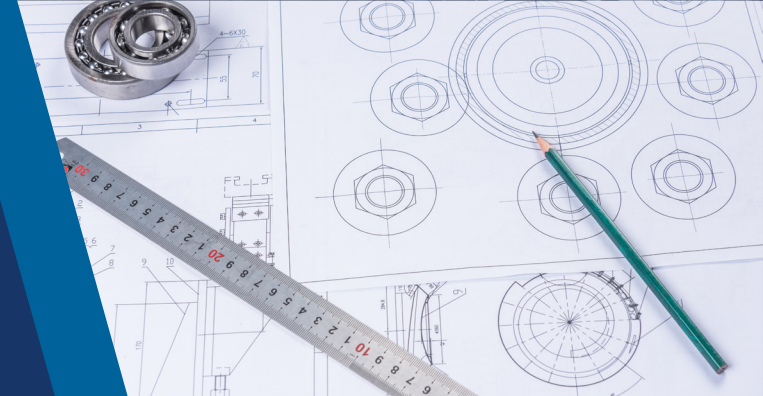

It is with great pride that we look back at numerous achievements and milestones over the years. These include a proven track record over 77 years and the growth of Kraatz into a multi-national company with a strong presence in key Namibian locations.

Over the years we have completed complex projects for high-profile clients like Rössing Uranium, Ohorongo Cement, Namibia Breweries and many more, while consistently adhering to international quality standards, including the most recent ISO 9001:2015 certification from Det Norske Veritas (DNV). We are recognised for innovative engineering solutions that drive sustainability and economic growth in Namibia.

Kraatz is also seen as an employer that actively contributes.

We are a force for good, contributing to the community through employment opportunities and Corporate Social Responsibility (CSR) initiatives, fostering local growth and development. At the same time we also adhere to responsible and ethical engineering practices, supporting initiatives that improve and grow the industrial & maritime industry of Namibia.

We remain passionate about excellence, expertise, quality, adaptation, diversity and flexibility. We have a deep commitment to investing in the latest technology and look forward to many more years of pioneering innovative engineering solutions to create a better Namibia.
