

(Verse 1)

Oh, the sun comes up, and we hit the fields,
With steel and grit, we never yield!
From dawn till dusk, through wind and rain,
Plowin' the land for the golden grain!

(Chorus)

Way-hey, roll that grain!
Greenvalley keeps us ridin' again!
With gears so strong and fields so wide,
We farm this land with work and pride!

(Verse 2)

The tractor roars, the diesel hums,
We sow the seed till harvest comes.
Through mud and dust, through frost and thaw,
G V E, we trust 'em all!

(Chorus)

Way-hey, roll that grain!
Greenvalley keeps us ridin' again!
With gears so strong and fields so wide,
We farm this land with work and pride!

(Verse 3)

The seasons turn, the cattle grow,
The prairie winds begin to blow.
But when the storms come knockin' through,
G V E will see us through!

(Chorus)

Way-hey, roll that grain!
Greenvalley keeps us ridin' again!
With gears so strong and fields so wide,
We farm this land with work and pride!

(Bridge)

Oh, John Deere green and engines bold,
Through heat and hail, through rain and cold!
We till, we sow, we reap, we haul,
With G V E, we stand up tall!

(Final Chorus – Big & Bold!)

Way-hey, roll that grain!

Greenvalley keeps us ridin' again!
With gears so strong and fields so wide,
We farm this land with work and pride!
