EXPERTISE SINCE 1926

As a family business, we are proud to be the experts in working with and in nature. What started with the first transportable chainsaw in the forestry industry almost 100 years ago now encompasses a wealth of solutions, not only in forestry, but also gardening and landscaping, construction, private applications and more. STIHL power tools are synonymous with outstanding technology, simple and safe handling and fast work progress. After all, we believe that being an expert means knowing the needs of our customers, advancing the right technologies and always delivering top quality.

More than just the sum of its parts, STIHL is not only a manufacturer but a comprehensive solutions provider. We design our products to interact seamlessly, amplifying their combined benefits - boosting productivity, comfort, and efficiency. There's the new STIHL FSA 400 clearing saw for Forestry and landscaping, for example: it can be ergonomically carried even during extended periods of use by means of the customisable ADVANCE X-Flex modular harness system, it is integrated into our own fleet management system via STIHL Connected, and it always has enough battery power thanks to suitable charging solutions. So our customers can always count on finding the right all-round solution - whether with battery or petrol drive.

We continue to rely on our worldwide network of specialist dealers who provide advice on purchases, service and maintenance issues. At the same time, it's important that information and advice are accessible outside shop opening hours too; that's why we are continuing to expand our STIHL online channels. The package is completed with practical application tips for using STIHL products. What was right when we started out is still true today: We are there where the customer needs us, with what they need, and that is how we continue to be experts in working with and in nature.

AS SYSTEM

Powering our versatile lineup of small, hand-held tools, this system delivers performance without compromising run time.

BATTERY POWER. MADE BY STIHL.

SEA 20 BATTERY HAND VACUUM

2.4 lb ① • 0.75 L

The SEA 20 is a cordless hand vacuum used for cleaning smaller dry areas in the garage, workshop or car. This unit features a removable collection container for easy emptying and cleaning as well as a crevice and universal nozzle with a removable bristle attachment for a range of applications.

NEW RCA 20 BATTERY PRESSURE WASHER

2.3 lb ① • 350 psi

The RCA 20 is a battery-powered cleaner ideal for light jobs from cleaning tires to watering plants. With the ability to draw from multiple water sources, this cleaner is easy to take with you.

NEW KOA 20 BATTERY AIR COMPRESSOR

3.3 lb ① • 4.2 kPa

The AS battery-powered KOA 20 air inflator/deflater is lightweight and portable for high-pressure and high-volume applications.

① WEIGHT WITH AS 2 BATTERY.

RCA 20

ECO MODE
Improves run time when activated

4-IN-1 NOZZLE
Easily switch between flat, point, rotary, or shower.

PORTABILITY
Battery-powered and easy to take on the go.

MULTIPLE WATER SOURCES
Attach to pressurized water hose or siphon hose.

Portable, battery-powered cleaner to easily clean fresh pollen or mud off your outdoor yard equipment.

HSA 26
BATTERY SHRUB SHEARS

1.6 lb ① • 4.7" • 7.9"

Avid gardeners and nurseries will reap the benefits of the HSA 26 battery shrub shears. Powered by a 28 Wh rechargeable battery, it provides enough energy to run up to 110 minutes. Equipped with a shrub cutter to trim and maintain small evergreen hedges and ornamental trees, as well as a grass trimmer for cutting grass around the garden and patio edges.

GTA 26
BATTERY PRUNING SAW

2.6 lb ① • 4"

Don't be fooled by its compactness. Whether pruning trees and shrubs, reducing plant cuttings to small pieces or timber based construction, the GTA 26 offers impressive high cutting performance, quiet operation, excellent ergonomics and a long battery life.

FSA 30
BATTERY TRIMMER

4.6 lb ① • 0.13 KW

The FSA 30 is the first 2-in-1 trimmer and edger in the flexible battery-powered AS System. It offers users full ergonomic adjust-ability of the handlebar, the shaft length, and the mowing head angle.

NEW
BGA 30
BATTERY BLOWER

3.5 lb ① • 90 mph • 124 cfm

The BGA 30 battery-powered blower comes with two blower nozzles—a short, round nozzle and a long, flat nozzle—to quickly tackle various cleanup tasks around your home and yard.

HSA 30
BATTERY HEDGE TRIMMER

4.5 lb ① • 18"

The HSA 30 is a ultralight, ergonomic battery-powered hedge trimmer with excellent cutting performance, for trimming shrubs and hedges in small yards. Equipped with double-sided, laser-cut, diamond-ground blades, with integrated cut protection.

HSA 40
BATTERY HEDGE TRIMMER

4.6 lb ① • 20"

Built with a compact, lightweight design, the HSA 40 is the ideal tool for small yards. The laser-cut, diamond-group double-sided blades offer optimal maneuverability and clean cuts.

AS SYSTEM ACCESSORIES

BATTERY POWER. MADE BY STIHL.

AL 1 CHARGER

With a cord keeper, wall-mounting capability, and its LED status light, the AL 1 battery charger is a necessity for owners of AS 2 battery powered tools.

NEW
AL 5 CHARGER

High speed charger with twice the charging current of the AL 1.

NEW
AL 5-2 CHARGER

Get 25% faster charging speeds than the AL 1 for 2 AS System batteries at the same time along with a handy cord keeper and wall-mounting capability.

HSA 26
TELESCOPIC
SHAFT

Telescopic shaft designed for use with the HSA 26 for comfortably trimming lawn edges and hedges in an upright position. Extendable from 37 in. - 43 in.

GTA 26 HOLSTER

With an adjustable leg strap, reinforced back panel and buttoned fastener strap, the holster keeps the GTA 26 securely fastened and conveniently accessible when needed.

GTA 26
EXTENSION
SHAFT

Extends reach by 59 in., ergonomic handle arrangement and stable guidance of the GTA 26.

AI LINE

STIHL AI lithium-ion battery tools will give you precisely the performance you need for keeping your favourite place looking its best.

BATTERY POWER. MADE BY STIHL.

HSA 45

5.1 lb @ · 20"

The lightweight HSA 45 battery hedge trimmer has great cutting performance for trimming shrubs and bushes in the yard. This model comes with a double-sided cutter blade, screw-on tip protector and an integrated lithium-ion battery with charge level indicator.

BGA 45

5.4 lb @ · 98 mph · 235 cfm

The BGA 45 is a lightweight battery blower great for cleaning small outdoor areas. This unit comes with a round nozzle and an integrated lithium-ion battery with charge level indicator.

FSA 45

5.1 lb @ · 0.13 kW

The FSA 45 compact battery trimmer is perfect for simple trimming work around the home and yard. This unit comes with an integrated lithium-ion battery with charge level indicator and the extendable shaft suits taller and shorter operators and can be swiveled to function as an edger.

AI LINE CUSTOMER REVIEWS

HSA 45 BATTERY HEDGE TRIMMER

I purchased my STIHL HSA 45 hege trimmer for general shrub maintenance around the yard. It was an excellent choice as the unit is very light and easy to handle. It is way ahead of the AC wired trimmer I used in the past and slices cleanly through branches up to 8mm thick. Great battery life as I have used it to trim up 5-6 shrubs and only down 1 bar on the LED display.

John C.
Quispamsis, Canada

FSA 45 BATTERY TRIMMER

Was hesitant because the battery is built in, but the trimmer is very powerful. The orange blades provided are also very strong and last quite some time.

Ryan G.
Plumas, Canada

FSA 45 BATTERY TRIMMER

Purchased the FSA 45 Battery Trimmer. What a treat not to have to deal with string. The blades are great and so easy to put on and take off. The charge lasts a good amount of time. Powerful trimmer. Pleased with the purchase.

Amy R.
Acton, Canada

FSA 45 BATTERY TRIMMER

I have bought two now, one for my Home and another for up north. It's light and easy to use and no cord! The battery is integral so I bring it indoors for the winter to preserve it. Would buy this product again!

Anonymous.
Brampton, Canada

AK SYSTEM

Exceptional power meets exceptional value. This system is ideally suited for frequent use around suburban yards.

BATTERY POWER. MADE BY STIHL.

NEW
RMA 348

The RMA 348 features a 19" steel mowing deck and is highly maneuverable for quick and efficient grass cutting. This lawn mower features an adjustable handlebar and textile grass catcher.

NEW
RMA 348 V

The variable-speed, self-propelled action of the RMA 348 V helps reduce user fatigue and allows speed choice to optimize mowing depending on the type of grass and terrain. This lawn mower features the textile grass catcher, side discharge chute, and mulch plug for 3-in-1 mowing options.

RMA 460

The RMA 460 battery-powered lawn mower has a 19" mowing deck and three mowing options including mulch, side discharge and rear bag. This unit features an ECO mode to conserve power and has an extra storage slot for a spare battery.

RMA 460 V

Part of the AK battery series, the RMA 460 V self-propelled lawn mower comes with all the same features as the walk behind version of the RMA 460 but includes a variable speed transmission.

NEW
RMA 448 V

The RMA 448 V is a self-propelled, variable-speed mower which features the state-of-the-art, mono-comfort handlebar, easy seven level cutting height adjustment, polymer grass catcher box, multiblade suitable for mowing and mulching, and compact foldaway storage.

RMA 448 V

MONO-COMFORT HANDLEBAR

Enables easy access to polymer grass catcher box

CENTRAL CUTTING HEIGHT ADJUSTMENT

Allows for customization of grass height.

POLYMER GRASS CATCHER BOX

Designed to help minimize dust with directional air vents.

4-IN-1 MOWER

Capable of bagging, mulching, side discharge, and rear discharge.

MSA 80

1/4" STIHL PICCO CHAIN

Narrow groove for precision cutting and reduced noise.

VARIABLE-SPEED TRIGGER

Optimizes performance, precise cutting, and run times

LIGHTWEIGHT, POWERFUL CHAINSAW

Best power-to-weight ratio in AK System with AK 30 S.

QUICK CHAIN ADJUSTER

Convenient, toolless tensioning of the saw chain.

“ Its light weight makes this saw great for maneuverability and extended use. ”

MSA 60 C-BQ

The MSA 60 C-BQ is the lightest chainsaw in the STIHL lineup and packs powerful performance in a convenient, lightweight package—ideal for general yard maintenance.

MSA 70 C-BQ

With an updated design, the MSA 70 C-BQ delivers excellent performance in a lightweight package that works alongside homeowners to help maintain yards and landscaping.

NEW MSA 80 C-BQ

The first cordless chainsaw in the AK System with 14" bar length, the MSA 80 C-BQ features the 1/4" PM3 chain for smooth cutting and a compact, brushless motor for low noise and vibration. It provides powerful performance for general yard maintenance and firewood cutting.

BGA 57 **AKIII**

The BGA 57 is an ergonomically balanced, lightweight battery blower designed to complete projects with comfort and ease. This unit comes with a round nozzle, soft handle and an adjustable blower tube, which is great for achieving optimum blowing force while in use.

BGA 60 **AKIII**

The BGA 60 is the most powerful cordless blower in the STIHL AK-System. Variable blowing power adjustment with additional Boost mode for up to 60 % more blowing power than the BGA 57. Packed with a powerful and durable EC engine, round nozzle and an adjustable blower tube length equipped with a metal ring to protect against wear.

SHA 56 **AKIII**

As the first battery-powered shredder vac / blower in the AK System, the SHA 56 is a versatile tool that delivers the high performance and dependability of two STIHL products in one.

FSA 57 **AKIII**

The FSA 57 is a lightweight battery trimmer with great trimming performance. This unit is ergonomic and the working angle of the loop handle is adjustable without the use of tools. Equipped with an autocut mowing head, the line can be automatically advanced when tapped on the ground.

FSA 60 R **AKIII**

Battery trimmer for lawn and lawn edge maintenance. The FSA 60 has increased power and a more efficient EC motor. This unit also features an ergonomic control handle with continuously variable speed control, a loop handle, and sturdy aluminium shaft.

FSA 80 R **AKIII**

Featuring 40% more power than the FSA 60 R, the FSA 80 R with new loop-handle design is the most powerful trimmer in the AK lineup. It is virtually maintenance free thanks to its brushless motor.

Unit available in bike handle.
