Features

****Wild symbols**** substitute all symbols in the winning line except for Scatter symbols.

****Wild frames feature****. It is activated during the main game and includes a cycle of 10 spins. Each time the Special symbol drops on the reels, the cell on which it appears is framed with golden lines. All Wild frames become sticky for a 10-spin cycle, after which they turn into Wild symbols to increase possible winnings.

****Free spins****. 3 Scatter symbols, dropped on the reels, trigger 10 Free spins. Free spins can't be re-triggered. Scatters can only appear on reels 1-3-5

****Sticky Wilds****. Each Wild symbol, dropped on the reels during Free spins, becomes sticky and stays in its position until the end of Free spins.

****Extra multiplier****. If a Special symbol drops on the spot that is framed with golden lines, this will increase the multiplier for that spin by 1. Extra multiplier applies to each winning combination. This applies to Free spins as well. The extra multiplier returns to value 1 when the new cycle of 10 spins starts.

****Buy Bonus****. A player can buy Free Spins. There are three levels. If a player buys this bonus, 3 scatters drop down on the reels, and they trigger the Free Spins with multiplier 1. If a player buys level 2, at the first spin the stack of 2x2 wilds will fall out at any place on the reels. If a player buys level 3, at the first spin the stack of 3x3 wilds will fall out at any place on the reels.
