

About the game

The slot is about oriental charm, and the main hero of the game is Maneki Neko – the famous Japanese talisman for luck. The enchanting world of the East is incredibly rich in every sense, and you will understand it seeing how many bonus features there are here. Apart from the ordinary Wild symbol, traditional Scatters and Free Spins, there is a Coin Wild that adds coins to the progress bar to start the Jackpot round. There are 4 types of Jackpot, and the Grand Jackpot (the largest one) is equal to 200000x of the bet. In the game you can also choose the number of Golden symbols that pay more than their standard versions.

How to play

The game features ways. Choose the bet size using the buttons in the **Total bet** field. Higher bets will increase a total win. The bet value chosen is displayed in the corresponding field. To start the reels spinning, click the **Spin** button.

Auto play

Click the **Auto spins settings (A)** button to choose the number of rounds to auto play. Autoplay starts when you click the number of rounds and Autoplay button shows the amount of remaining spins.

You can choose additional settings for the **Stop of auto spins**:

- on any win - autospin will stop after you win
- if bonus game is won - autospin will stop when the bonus game is won (applies to Free Spins only)
- if single win exceeds - autospin will stop when a single win is above the written sum in the field
- if cash balance increases by - autospin will stop when the current balance is above the sum written in this field
- if cash balance decreases by - autospin will stop when the current balance is below the sum written in this field

To stop the spins click **Stop Autospins button**

Features

Golden symbols. In the main game a player can choose the number of symbols that can become golden and pay more than their standard versions (the number of these symbols can be from 1 to 5). Only high symbols can be golden. The choice of more than 1 Golden symbol gives a possibility to get a jackpot round. The change of the number of Golden symbols changes the bet. The total bet of the game is formed by the base bet, to which the multiplier of a particular number of symbols is applied. For 1 symbol it is x8, for 2 symbols - x16, for 3 symbols - x38, for 4 symbols - x68, and for 5 symbols - x88.

Wild symbol. Substitutes for any symbol except Scatter. Appears on reels 2, 3, 4. In case the number of Golden symbols chosen by a player is 2 or more Coin Wilds start to appear on the reels.

Coin Wild. It is a Wild symbol with a coin. It works as an ordinary Wild symbol. Each time it appears it adds one Coin to the progress bar. The more coins are in the progress bar, the higher is the chance to start the Jackpot round. The 8th coin guarantees the trigger of the Jackpot round.

Jackpot round. In this round 12 coins appear on the screen. A player chooses a coin, it spins around and becomes a coin of one of the available jackpots. As soon as the player gets 3 coins of one jackpot this way, he/she wins this jackpot. There is an autopick option - the coins are opened themselves until the jackpot is won. The option can be activated at any moment of the round.

Jackpot. There are four types of jackpots depending on the number of chosen golden symbols: mini jackpot (2 symbols, 2000x of the base bet), minor jackpot (3 symbols, 3750x of the base bet), major jackpot (4 symbols, 75000x of the base bet), grand jackpot (5 symbols, 200000x of the base bet).

Scatter symbol. Can appear on any reel. Pays on any position according to the paytable. 3 and more Scatters in the main game trigger the Free Spins round.

Free Spins. The round consists of 10 spins. If 3 and more Scatters drop during the round in one spin the player gets 10 additional Free Spins. Only High symbols, Scatters and Wild symbols participate in the Free Spins round. Every Coin Wild appeared in the Free Spins round triggers the Jackpot round. The winning limit in the Free spins round is 3000x of the bet.

Buy Bonus. A player can buy a Free Spins round with a particular number of Golden symbols. After buying the next spin will draw 3 Scatters to the reels 1, 3 and 5. If a player changes the bet the Buy Bonus price is changed automatically. The feature is disabled if the Chance x2 feature is active.

Chance x2. The feature slightly increases the bet and doubles the chance to get Free Spins. The feature is disabled if the Buy Bonus feature is active.

Spin Results

Wins are formed for combinations of adjacent symbols from left to right. If a winning combination is formed, it will become animated and the win amount is displayed in the **Total Win** field.

- Matching wins on different bet ways are summed up.
- Payouts are made according to the payable.
- Wins are multiplied by the bet per pay way, except for Scatter symbols.
- Note that if several winning combinations appear on the same pay way, only the highest combination is paid.
- The spin can result in triggering Free spins. Free spins are played at the same bet and lines as the round activating these spins.
- In case a certain number of Scatter symbols pay, and winning combinations and the paying number of Scatter symbols drop in one spin, a player receives the win amount both for Scatters and for all the winning combinations.

To learn the game payouts, click the **Information (I)** button and choose the **Payments** button.

Settings

The setting button opens a panel with game speed and volume settings.

- Quick spin - the speed of spinning reels increases. Depending on license requirements, this feature may not be available.
- Spacebar to spin (can be used instead of clicking the Spin button)

Here also are sound effects and background music settings:

- Volume adjustment, including its complete turn off
- Turning the music (using checkmark)
- Turning the sound effects (using checkmark)
- To play in the left hand mode on mobile devices, put the corresponding checkmark in the settings.

License requirements

The purchase features can be unavailable in the game because of the requirements of the license that regulates the operator's work.

Return to Player

The overall theoretical Return to Player (RTP) for 1, 2, 3 4 and 5 Golden symbols is {RTP.main}%. RTP for the Buy Bonus feature is {RTP.freepin_buy}%. RTP for the Chance x2 feature is {RTP.freepin_chance}%.

RNG

The game is based on a certified random number generator. For more information, visit our BGaming site.

Additional information

Malfunction voids all plays and pays! All unfinished rounds will be terminated every six hours. If the game requires “Collect” - “Collect” will take place and the win from the round will be added to the player balance. If the game requires action from a player, the result is counted assuming that the player has chosen the action with no risk without raising the initial bet. This is the game rule version 1.1, dated August 21, 2023.

The Game Rules as published on this website are in English. Translations into other languages are provided as a service in good faith. In the event of ambiguity between an English version and a translation, the English version always retains priority.
