

The HITEC  
Foundation

2023  
Annual Report

## *Vision*

**"To be the transformative leader, connecting rising Hispanics to the increasingly important digital skills of the new economy."**

# Scholarships

The HITEC Foundation  
has awarded more than  
**\$1M+**  
in scholarships since 2017

"Being a HITEC Scholar opened more doors than I thought possible, and I'm extremely grateful for all the opportunities I found through the scholarship program."

*Gabriela Garcia, HITEC Scholar Alumna*

In 2023, the HITEC Foundation awarded 100 scholarships, pairing students with a mentor and providing career-launching resources.

## Universities with the Highest Scholar Attendance

- The University of Texas at Austin
- The University of Texas at El Paso
- Stanford University
- Purdue University
- University Illinois Chicago

## Scholar Years

64% freshman	8% senior
13% sophomore	5% graduates
10% junior	

2023 was our first year partnering with the Illinois Institute of Technology. HITEC and Illinois Tech are working to accelerate the representation of Hispanic leaders in the technology field by offering educational opportunities and scholarships that sit at the nexus of technology and business. Scholarships are available to undergraduate and graduate students who meet the criteria.

"Coming from a family of immigrants, going to college as a first generation student is a huge step for me, and this scholarship will help greatly alleviate some of the financial requirement to attend IIT."

*Jonathan Buendia-Barajas, 2023 HITEC Scholar*
