

# PLATTSBURGH CITY SCHOOL DISTRICT

Vote on Tuesday, May 19, 2026

## INTRODUCING OUR FOUR SCHOOL BOARD CANDIDATES

### Robert “Bobby” Hall, Jr.

I have been a lifetime resident of the City of Plattsburgh. I attended Plattsburgh City School District and graduated from PHS in 1984. I was an officer with the Plattsburgh City Police Department and retired in 2016 after 30 years of service to the city.

My wife, Jamie, and I chose to live in the city to raise our two children. Our daughter and son graduated from Plattsburgh in 2012 and 2014 respectively.

I was an active member of the Family School Association/Organization at Glasgow and Oak Street Elementary. I served as a parent representative of the Stafford Middle School SIP Committee and as President of the FSO.

I was first elected to the school board in 2013. My motivation for running for a board seat was to serve the community of Plattsburgh. I hope to continue to advocate for the education of the district’s children. I will continue to support the staff and programs that are offered throughout the district. I believe in working with fellow board members to provide school policies and district budgets that produce the best students possible.

### Anass Bouavadi

I have been a proud member of the Plattsburgh community for over 15 years. As a parent, a supporter of educators, and an advocate for all students, I am committed to working collaboratively with educators, families, administrators, and the board to support a strong, inclusive school system that provides a high-quality education for every student.

The Plattsburgh school district is unique in the North Country for its diversity, offering an opportunity to build unity and draw strength from a wide range of cultures, ideas, and experiences. Having lived in multiple countries across three continents and earned a degree in each in different languages, I understand the importance of education, adaptability, and overcoming challenges in new environments.

I hold an MBA in cybersecurity and recognize the rapid evolution of technology. It is essential that we both protect our students and equip educators with the right tools to enhance learning. I also strongly value sports and extracurricular activities for fostering teamwork, creativity, and mutual respect.

I hope to contribute to the board by continuing to strengthen our schools and ensuring a safe, successful future for all students.

### Rod Sherman

I have been connected with the PCSD since 1967 as a teacher, parent, and grandparent. I taught mathematics and computer science at Stafford and PHS for 45 years. Meeting former students at events, on the streets, and stores of Plattsburgh is a very heartwarming experience. From 1973 thru 2012 I was the Plattsburgh Teachers’ Association President. During that time, with others, I worked on many broad-based issues, including curriculum, school funding, legislation, and staffing/personnel.

One of the major accomplishments was co-authoring contract language that created the building SIP (School Improvement Planning) Committees and the DWEIC (District-Wide). These committees give all stakeholder groups a voice in decisions that improve our student’s education experience.

My experience and history have been very helpful in my current role as Board of Education member from 2015 thru today.

Currently, I serve on the district facilities, and budget committees and am our representative to the New York State School Boards Association.

If re-elected to the Board of Education, I will work with my contacts in support of public education, its funding, staffing, and curriculum to maintain the diverse experiences and services we offer our children in Plattsburgh.

Thank you for your support in the past.

### Shauna LaDue

I have been a resident of the City of Plattsburgh for 28 years. I have two daughters, Morgan graduated from PHS last year and Clare will graduate in 2037. I work for the United States Postal Service as a city mail carrier and I was just elected to serve as the Secretary for Plattsburgh Youth Hockey.

If I am elected to serve on the PCSD School Board, I will push for transparency for the tax payers of the community. I will advocate for the children of the district in all aspects of their education and extra curricular activities.

And I believe that all of the faculty and staff in our schools should be treated with the same level of respect, regardless of the position that they hold.

### MISSION

*Our mission is to educate each student of the Plattsburgh City School District by creating challenging, supportive, and interactive learning that advances intellectual, physical, social, and cultural development.*
