CENTERVILLE
SEVENTH-DAY ADVENTIST CHURCH

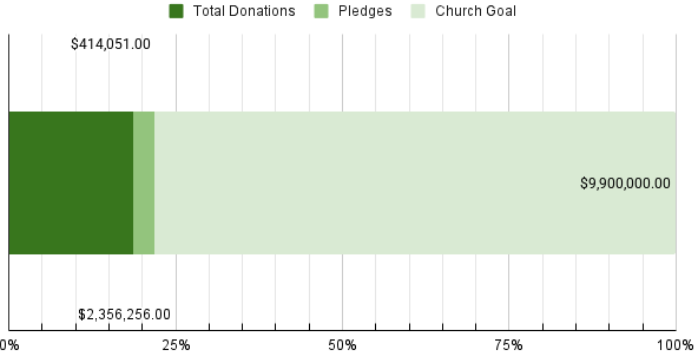

WELCOME

The Geneva Academy has identified 110 “armed conflicts” or wars taking place right now. The planet is big... but not big enough for that many wars. War is destructive and painful. We see the consequences of the Great War all around us. In our study this week we will see that behind what is visible in the book of Acts, the first chapters are set in the context of an intense war. The church becomes a refuge.

All children welcome to come to fellowship hall after children's story in second service.
