# WELCOME

The bottle with the messages was found this week. A family in Australia were picking up along the shoreline when they found a bottle that contained letters from two soldiers serving in World War I in 1916. An amazed family of the now deceased soldiers received the 109 year old letters drawing them together in a unity from a grandfather and uncle some of them had only heard of. In the book of Acts there is an even older message for a world that may have only heard of God, but this message lived out will draw them together in unity. Let’s open our Bibles to the book of Acts.

Welcome to Centerville.
