

## Executive Summary

More than 390 participants engaged in VCIA programming during Q4 2025. The successful launch of our Chicago chapter drew strong attendance and has already generated momentum with a Winter Happy Hour networking event scheduled for January 15th. This expansion reflects VCIA's goal of building regional connections and providing members with valuable opportunities to collaborate and share insights across geographic markets.

We continue to enhance our professional development and educational offerings. Q4 programming saw high turnout and in-depth interactions, demonstrating the strong value the industry places on VCIA's expertise and forward-thinking educational content.

## Q4 2025 VCIA Activity
