

Structured Teams

Scale Smart. Control Costs. Deliver Results

Turn legal complexity into competitive advantage with a managed service from LOD

Today's legal teams face unpredictable workloads, regulatory demands, and constant pressure to deliver value—all under tighter budgets and headcount limits. Headcount is frozen or hiring can't keep up, leaving teams overstretched and strategic initiatives on hold.

LOD Structured Teams provide organizations with ready-to-deploy, multi-disciplinary legal experts who integrate seamlessly into your existing operations.

Our teams combine seasoned lawyers, paralegals, legal operations specialists, compliance experts, and transformation professionals—all with extensive in-house experience and cutting-edge legal technology skills.

Structured Teams

Multi-disciplinary experts deployed as cohesive units

Global Reach

4,500+ professionals across **25+** countries

Tech Enabled

AI-powered efficiency backed by human expertise and oversight

Real Results

Meeting contracting demands across three continents

Challenge

One of the world's largest technology companies needed to manage over 15,000 contracts annually across three business regions while maintaining quality and speed.

Solution

LOD deployed a network of Structured Teams of 60+ professionals including senior lawyers, contract managers, paralegals, and delivery managers, fully integrated into the client's systems.

Results

- **+15,000** contracts processed annually
- **40%** reduction in contract turnaround times
- **4.9/5** satisfaction score across all regions
- **+10 yr** partnership demonstrating sustained value
- **Standardisation** across global legal and operations
- **Around-the-clock** coverage without additional management overhead
