

HOW DULWICH COLLEGE SINGAPORE USES CITIZENS TO TRACK AND SHOWCASE VALUES-DRIVEN STUDENT GROWTH

KEY CHALLENGES & NEEDS

- Make character and values visible beyond grades.
- Align evidence to Dulwich's 'Live Worldwide' Framework.
- Support meaningful, student-led reflection.
- Capture growth over time, not just activity logs.
- Create a lasting profile students can take to university applications.

FAVOURITE FEATURES

✔ Custom School Wheel

Students tag their actions to Dulwich values, creating a rich and personalised visual record.

✔ AI-assisted skills tagging

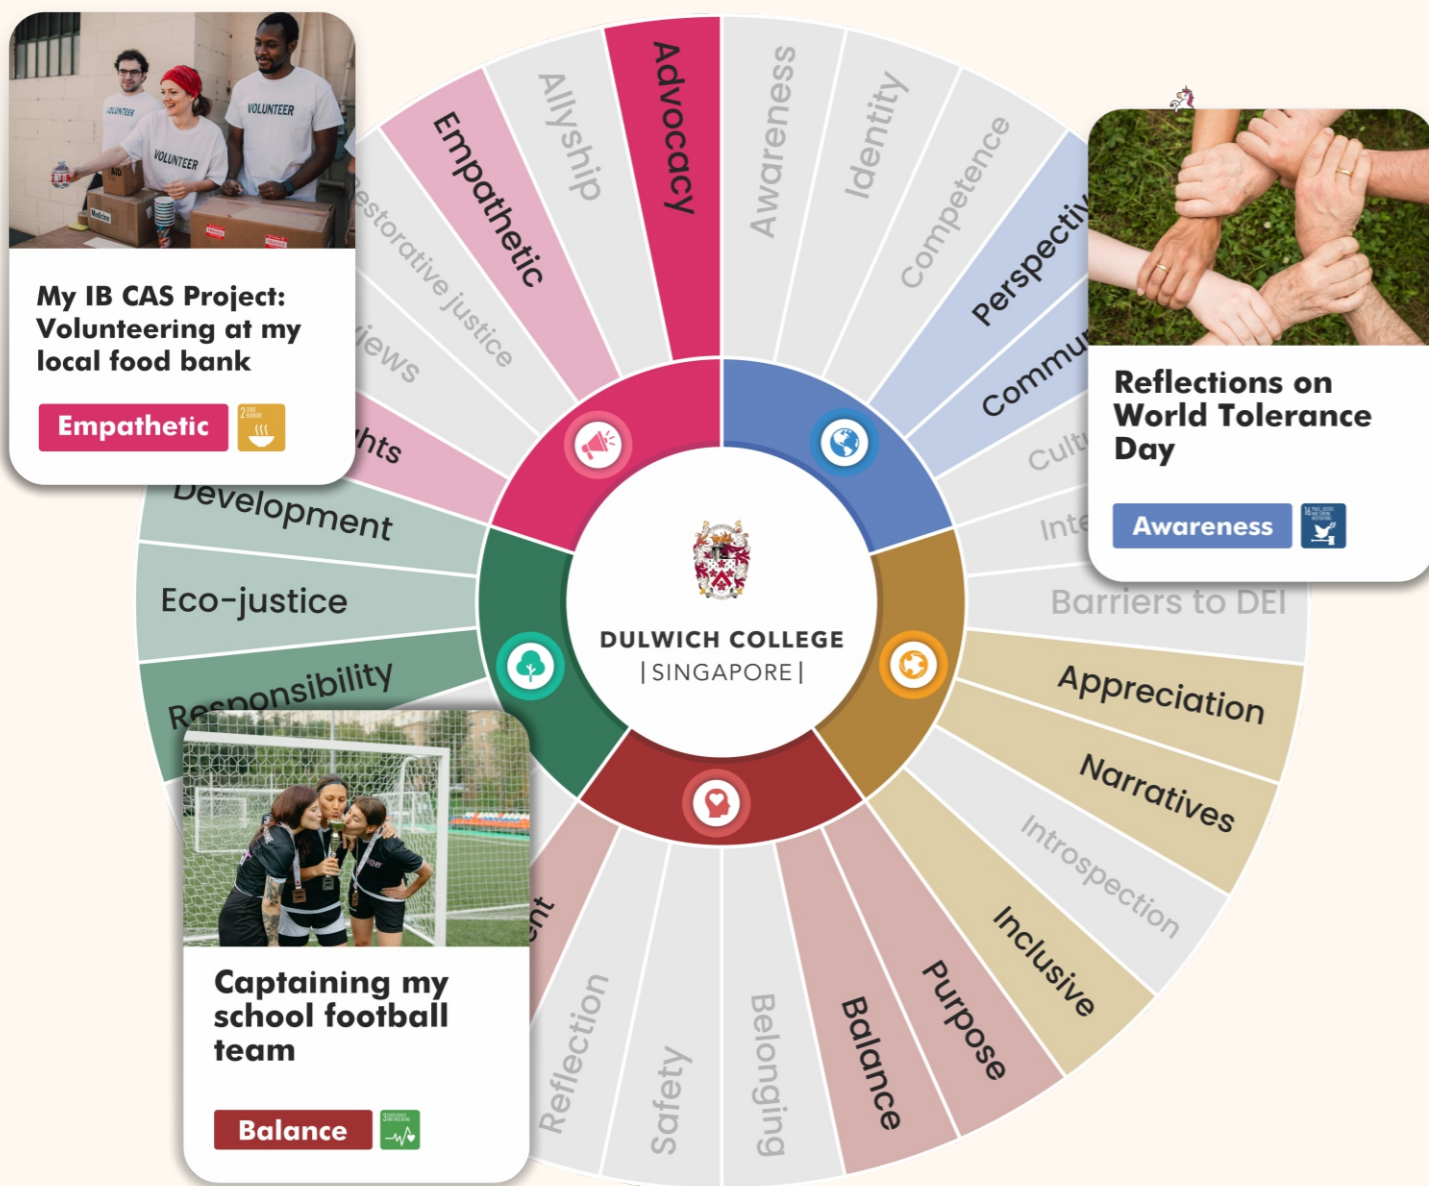

Integration with Citizens' AI model helps students with automated skills matching.

✔ School Dashboards

Teachers and administrators have access to real-time insights on skills development.

KEY OUTCOMES

A custom wheel bringing school values to life.

"Citizens' adaptability and ease of customisation make it an exceptional platform through which we can visually see how well our students are engaging with our Guiding Statements and our College vision of "Live Worldwide". It has truly met - and exceeded - a need in education."

Polly Clayton,
Director of Global Citizenship
