

Pledge of Partial Support

While I will not fully align with the Business Council of New Orleans & the River Region's 2025 New Orleans Municipal Election Policy Agenda, I pledge alignment with the agenda except for the subparts explicitly excluded below. If elected to the New Orleans City Council, I pledge to work to achieve the policy objectives on which we have alignment to the best of my abilities. I also commit to collaborating with the Business Council to develop implementation strategies for these objectives and I acknowledge that the Business Council will track these policy objectives throughout my term on the City Council to ensure accountability for this pledge of alignment.

Please put an 'X' next to any subpart where **you do not agree** with the Business Council's policy objectives. Any unchecked boxes indicate alignment with that subpart of the Policy Agenda.
