BROKER PRICE OPINIONS

In today's fast-paced real estate market, timely and accurate valuations are more crucial than ever. At Nationwide Property & Appraisal Services, our Broker Price Opinions (BPOs) are cost-effective and fast, helping our clients make informed decisions with speed and precision

Versatility and Speed

- Nationwide's BPO products are highly versatile, meeting the needs of mortgage lenders, financial institutions, investment firms, and others.
- Choose from a range of options including single-family residences, multi-unit properties, and vacant land.
- As-is and/or as-repaired values, along with commercial BPOs, including sales and/or income approach values are available.

Local Expertise

- Our network of experienced real estate professionals provides localized market insights, delivering accurate and up-to-date information tailored to current trends and conditions.
- We boast one of the largest nationwide panels of brokers and agents in the industry.

Strategic Decisions Supported

- Our BPOs deliver essential data for portfolio evaluations, risk management, and investment strategies, providing quick property value assessments.
- Easy upgrade to our Pinnacle Desktop Appraisals.

Quality

- Every file submitted undergoes an extensive Quality Control review.
- Our BPOs meet the highest standards of accuracy and reliability, giving our clients confidence in the integrity of our reports.
