This text is about the Shark Navigator Lift-Away Deluxe NV360 vacuum cleaner. It has a 1200 watt motor and weighs 12.5lbs. The dust cup makes it bagless and it comes with a HEPA filter, crevice tool, dusting brush, pet power brush, accessory holder, and appliance wand. The NV360 model also features swivel steering and the Lift-Away function, which allows it to be used as an upright or portable vacuum. It has above-floor cleaning capabilities and several floor cleaning modes via the power button settings. The Shark Navigator Lift-Away Deluxe comes in blue, black, and purple colors, although different models have varying sizes, colors, and attachments.
