Tollywood had mixed results in 2016, with some big-budget movies underperforming while smaller ones gained traction and praise. Anticipated hits like "Babu Bangaram" and "Brahmotsavam" failed to impress, while disasters like "Sardaar Gabbar Singh" left fans disappointed. On the other hand, women-centric films did well, setting the stage for better years ahead. The year was a learning curve for Telugu cinema, with 2017 and 2018 delivering bigger hits like "Rangasthalam." Here are the top Telugu movies of 2016: 15. Kalyana Vaibhogame - A unique love story about a couple who plan to get married temporarily but end up falling in love, showcasing Naga Shaurya's growth as an actor. 14. Soggade Chinni Nayana - Despite its initial heartwarming tone, this movie adds horror and comedy elements, with Nagarjuna delivering dual roles of Ramu and Bangaraju, a "ghostly spirit." 13. Jyo Achyutananda - Ayyanna's second film after "Oohalu Gusagusalade," where he shines in his role, showing promise for future comedies. Telugu movies showcase great acting talent in 'Jyo Achyutananda', where relationships between brothers are portrayed effectively. The film features wonderful casting, especially the tuning between brothers, similar to 'Seethamma Vakitlo Sirimalle Chettu'. On the other hand, suspense thriller 'Gentleman' stands out from Nani's previous films, exploring an accident and revealing secrets through suspicions and relationships. 'Sarrainodu' becomes a hit due to action scenes and Allu Arjun's dance moves, with Rakul Preet Singh adding romance and music. The highest-grossing Telugu movie of 2016, 'Janatha Garage', also features Jr. NTR and Mohanlal, showcasing top performances and garnering the Special Jury - National Award for Mohanlal. A romantic comedy film, 'A..Aa' narrates the story of Anasuya and Aanand in a coming-of-age manner. Its primary merit lies in its storytelling. The film follows Anasuya as she evades her dominating mother's desire to marry her off to a wealthy man, instead developing feelings for Aanand, who is getting married to Valli. Samantha shines as the captivating Anasuya. Telugu cinema has delivered numerous cinematic experiences in recent years, and some films have stood out for their exceptional storytelling, direction, and performances. Vikramaditya, now confined to a near-vegetative state due to an accident during paragliding, shares his life with Seenu, his caregiver who was once a convict. Their lives intertwine with Vikram's secretary Keerthi and the past that haunts them. The movie 'Oopiri' showcases their journey towards overcoming insecurities and finding peace. On the other hand, we have Sukumar's 'Rangasthalam', which has garnered widespread acclaim for its gripping storyline and impressive performances. 'Nannaku Prematho', though not as strong, still manages to be an emotional roller-coaster with Jr NTR delivering a captivating performance alongside Rakul Preet. Another notable film is Kshanam ('Moment'), a mystery thriller that surpasses the Hollywood remake 'Baaghi 2'. With its intricate plot and unexpected twists, it stands out as one of the most memorable Indian films. Dhruva, an action-thriller starring Ram Charan, has been praised for its gripping storyline despite being a remake of the Tamil blockbuster 'Thani Oruvan'. Arvind Swamy steals the show with his portrayal of the antagonist. Lastly, Pelli Choopulu ('Matchmaking') is mentioned as one of the standout films in recent Telugu cinema, though it doesn't elaborate on the movie itself but rather lists it among others that have received praise. Pelli Choopulu is my top choice for a Telugu movie of all time, thanks to two standout reasons - the incredible performances of Vijay Deverakonda. The film tells the story of Prasanth, a wannabe chef who finds himself entangled in a series of comedic misadventures as he accidentally visits Chitra's family under parental pressure.
