How to collect careers in bitlife

How to get a job in bitlife. How do i get a job on bitlife. How to get a special career in bitlife. Bitlife career collection.

BitLife just got a huge update with new features galore! Candywriter's at it again, spoiling us with massive feature updates. This time around, we're talkin' 450 brand new scenarios to get lost in, a snazzy career collections feature, and all sorts of other goodies like job performance scores, retirement plans, work hour tweaks, an intelligence test, and bug fixes galore! Sounds like a lot to take in? Don't worry, we've got you covered with this guide. If you're lookin' for more BitLife goodness, check out our Complete Guide to BitLife, where we've rounded up all the guides we've written on this text-based life simulator. Now, let's dive into what's new and shiny in this 1.22 update: Candywriter's whipped up an insane 450 brand new scenarios for you to enjoy! That's right, folks - with every career path available in the game now gettin' its own specific scenarios, your day-to-day experience just got a whole lot fresher. You can now collect all the different careers in BitLife like a pro, seein' which jobs you've already conquered and which ones are still waitin' for ya. There's 144 careers to collect, so you might wanna start fresh if you wanna snag 'em all! Job performance scores? Yep, that's new too! Now, you'll get scored on every single full-time gig, including the military. Time to up your game and avoid those pesky sackings. And just when you thought it was safe to go back in the water... retirement packages are now a thing! If you've been workin' hard for a company for ages, you might just get rewarded with a comfy pension. Work hours are finally flexible! You can adjust 'em as you see fit, but don't get too comfortable - your bosses might just change the rules on ya! Last but definitely not least, Candywriter's added an IQ test mini-game that's equal parts brain-twister and blast. Memorize those coloured lights and show off your smarts to score big! **Improvements and Changes in BitLife** The BitLife experience has been enhanced with several changes. These include: * Improved interface for easier gameplay * More textual content to engage players * A significant reduction in bugs, making the game more stable and enjoyable **Tutorials and Guides for Other Games** Additionally, there are comprehensive walkthroughs available for other games, such as Westward III: Gold Rush and Treasure Isle. These guides provide tips, tricks, and strategy advice to help players progress through these games. **BitLife App and Community** The BitLife app has a dedicated community on Reddit, where players can share their experiences, ask questions, and showcase their screenshots. The community is active and supportive, with users sharing tips and strategies for achieving success in the game. Aspiring professionals from various backgrounds can leverage their skills and experiences to pursue a wide range of career paths. These paths include restaurant workers, travel agents, truckers, writers, and military personnel. For those seeking Community College qualifications, options include chefs, dental hygienists, massage therapists, paralegals, art gallery workers, graphic designers, interior designers, animators, biotechnologists, environmental scientists, morticians, computer programmers, database administrators, mobile app developers, technical support specialists, and more. Those pursuing University qualifications can explore careers in arts, computer science, biology, chemistry, engineering, English, finance, information systems, dance, education, architecture, chemical engineering, mechanical engineering, accounting, banking, business analysis, financial advising, history, music, nursing, political science, psychology, and more. Additionally, there are options for post-graduate higher education qualifications in fields like archaeology, librarianship, marine biology, professorship, school administration, business school, dental school, law school, and medical school. - Junior Chiropractor - Associate Nurse - Jr. Pharmacist - Jr. Physical Therapist - Jr. Psychiatrist - Apprenticeship in Auto mechanics The given text describes various jobs that require different combinations of education and experience in specific fields. It is divided into categories such as Any Degree, Arts, Biology, Chemistry, Community College, Computer Science, Criminal Justice, Dance, Education, Engineering, English, Finance, Graphic Design, History, Music, Nursing, Political Science, Psychology, Business School, Dental School, Graduate School, Law School, Medical School, and Nursing School. Each category lists specific job titles that have varying requirements such as high health, car required, high smarts, experience in years, and degrees in particular subjects like bio/chem or psych. Additionally, some jobs require combinations of biology, chemistry, psychology, finance, economics, and other fields for specialized roles like a mortician, family physician, brain surgeon, marine biologist, or chiropractor. The text does not provide further details on the specific education and experience requirements but highlights the diversity of jobs across different sectors and educational paths.
