TABLE OF CONTENTS

Parametric Cloud Insurance
Cloud Outage Insurance US v1.5

POLICY FORM

In consideration for payment of or agreement to pay the premium shown in the **Policy Schedule**, the **Insurer** agrees to provide the coverage described herein subject to all the terms and conditions of this **Policy**. This document contains the contract terms entered into by the **Insurer** and the **Insured** and with the **Policy Schedule** constitutes the contract document (the "**Policy**"). Any changes to this **Policy** shall be agreed in writing between the parties and added via an endorsement.

Words in bold are defined in the Definitions Clause of this **Policy. Bold** terms not otherwise defined in this **Policy** wording shall have the meaning given to the term in the **Policy Schedule**. The titles of paragraphs in this **Policy** are for reference only and do not in any way affect the provisions of this **Policy**, and "includes" (and its derivatives) means without limitation.

This **Policy** provides a parametric cover to the **Insured**, with coverage aligned with the **Assessed Outage Value** as defined in this **Policy**.

1. INSURING CLAUSE

The **Insurer** shall indemnify the **Insured** for all **Loss** incurred as a result of an **Outage Event** first commencing during the **Policy Period,** upon expiry of the **Waiting Period,** and subject to the terms, **Conditions** and **Exclusions** contained herein, subject to the following:

(i)   the **Insurer** shall only be liable under each **Section** of this Policy for **Loss** in respect of **Outage Event(s)** if and to the extent that the **Indemnity Period** for such **Outage Event** is in force during the **Coverage Period** in respect of such **Section**, as listed in the **Policy Schedule**;

(ii)   the **Insurer's** liability in respect of any single **Outage Event** shall not exceed the aggregate of the applicable **Outage Event Loss Limit(s)** in respect of the applicable **Section(s)** as listed in the **Policy Schedule**;

(iii) the **Insurer's** total liability in respect of all **Outage Events** under the applicable **Section** of this **Policy** shall not exceed the **Section Aggregate Loss Limit** listed in the **Policy Schedule**; and

(iv) the **Insurer's** total liability in respect of all **Outage Events** under all **Sections** of this Policy shall not exceed the **Policy Aggregate Loss Limit** listed in the **Policy Schedule**.

Notwithstanding paragraph (i) above, if the **Outage Event** leading to the **Indemnity Period** first commences before the expiry of the **Policy Period**, the **Insurer** shall be liable for **Loss** in respect of such **Outage Event** under each **Section** of this **Policy** for which the **Coverage Period** was in force

as at expiry of the **Policy Period**, and such **Coverage Period** shall be deemed to continue to apply for the remaining duration of the **Indemnity Period** in respect of such **Outage Event**.

2. OUTAGE EVENT

Outage Event means an interruption in any one or more of the **Cloud Service(s)** insured under this **Policy**, and is deemed to:

(i)   commence at the time when the **Parametrix Monitoring System** first makes a simultaneous recording of **Service Unavailable Status** in respect of all **CSP Region(s)** of any one of the **Cloud Service(s)** insured under the applicable **Section(s)** of this **Policy**; and

(ii)   to end at the time when the **Parametrix Monitoring System** records at least one **CSP Region** as no longer in **Service Unavailable Status** with respect to each of the **Cloud Service(s)** insured under the applicable **Section(s)** of this **Policy** (whether or not such **CSP Region** is the same for each **Cloud Service**).

Notwithstanding (ii) above, if a further **Outage Event** in respect of such **Cloud Service(s)** commences within 30 minutes of the end of the prior **Outage Event**, then both **Outage Events** shall be considered, for the purpose of this **Policy,** to be a single **Outage Event** in respect of which:

(a)   The total **Indemnity Period** for such 'single **Outage Event'** shall be the sum of the **Indemnity Periods** for each of the separate **Outage Events** (and for the avoidance of doubt, shall not include any interim period for which no **Outage Event** was ongoing); and

(b)   Only a single **Waiting Period** shall apply, being the **Waiting Period** applying to the first **Outage Event**. For any further **Outage Event** comprising part of the same 'single **Outage Event'**, no **Waiting Period** shall apply and the **Indemnity Period** shall commence immediately upon first commencement of the **Outage Event**.

3. LIMIT OF LIABILITY AND RETENTION

A **Waiting Period** shall apply in respect of each **Outage Event** giving rise to **Loss**. Upon expiry of the **Waiting Period,** the **Insurer** shall provide an indemnity for **Loss** incurred during the **Indemnity Period**.

Except as set out in 6. Extension – (Failure of the Parametrix Monitoring System) below:

(i)   the **Outage Event Loss Limit** for the applicable **Section** listed in the **Policy Schedule** shall be the limit of the **Insurer's** liability for each **Outage Event** under that **Section**; and

(ii)   the **Section Aggregate Loss Limit** listed in the **Policy Schedule** shall be the total limit of the **Insurer's** liability under the relevant **Section** of this **Policy** regardless of the number of **Outage Events** covered under such **Section** commencing during the **Policy Period**; and

(iii)   the **Policy Aggregate Loss Limit** listed in the **Policy Schedule** shall be the total limit of the **Insurer's** liability under all **Sections** of this **Policy** regardless of the number of **Outage Events** commencing during the **Policy Period**.

4. DEFINITIONS

(a) Assessed Loss per Hour

The monetary amount stated as **Assessed Loss per Hour** in the **Policy Schedule**, in respect of the relevant **Section**.

(b) Assessed Outage Value

The **Assessed Loss per Hour** in respect of the relevant **Section**, multiplied by the number of hours (rounded up to the next 5/60 increment of any one hour (i.e. 5 minutes)) for the period during which the **Indemnity Period** is in force in respect of the **Coverage Period** of the relevant **Section**.

(c) Cloud Service

The individual outsourced information technology services listed in the **Policy Schedule** in respect of the relevant **Section**, provided to the **Insured** by a **Cloud Service Provider** from the **CSP Region(s)** pursuant to written contract.

(d) Cloud Service Provider

The commercial entity (as listed in the **Policy Schedule** in respect of the relevant **Section**) that delivers a **Cloud Service**.

(e) Coverage Period

The period of time between the dates and times specified in the **Policy Schedule** , in respect of the applicable **Section**.

(g) Financial Loss

Any pecuniary loss suffered by the **Insured** as a direct result of the **Outage Event**.

(h) Indemnity Period

The **Indemnity Period** is the time period of an **Outage Event** that extends beyond the **Waiting Period** that is used to calculate the **Assessed Outage Value**. To determine the **Indemnity Period**:

      (a) Determine the duration of the **Outage Event** in hours and minutes, rounding up to the

next 5/60 increment of any one hour (*i.e.*, 5 minutes)(the "**Outage Duration**");

(b) If the **Waiting Period** is longer than the **Outage Duration**, there is no **Indemnity Period**, so there is no coverage for the **Outage Event**;

(1) For example, if the **Waiting Period** is 3 hours, and the **Outage Duration** is 1 hour 45 minutes, the **Outage Duration** falls within the **Waiting Period**, so there is no **Indemnity Period**;

(c) If the **Outage Duration** is longer than the **Waiting Period**, subtract the **Waiting Period** from the **Outage Duration**, and the difference is the **Indemnity Period**;

(1) For example, if the **Outage Duration** is 5 hours 25 minutes, and the **Waiting Period** is 3 hours, the **Outage Duration** is longer than the **Waiting Period**, so there is an **Indemnity Period** of 2 hours 25 minutes (i.e., **Outage Duration** of 5 hours 25 minutes – **Waiting Period** of 3 hours = **Indemnity Period** of 2 hours 25 minutes).

The **Indemnity Period** calculation assumes that the **Insured** was impacted for the entirety of the **Outage Duration**, and the **Indemnity Period** shall be certified by the **Insured** in the Declaration of **Loss**. However, if the Insured was impacted for an amount of time that is less than the **Indemnity Period**, the **Insured** shall state and certify that amount in the Declaration of **Loss**, which shorter time period shall be used to calculate the **Assessed Outage Value**.

(i) Insured

(e) Government or Regulatory Action

Any act, notice, or order of any government or regulatory body or agency disrupting the operation of or provision of the **Cloud Services** including any such response due to the existence or threat (actual or perceived) of contamination, contagion, infection, pandemic, epidemic, viruses, bacteria, or other communicable diseases.

(f) Sanctions

Any claim or any benefit hereunder to the extent that the provision of such cover, payment of such claim or provision of such benefit would expose that **Insurer** to any sanctions, prohibition or restriction under United Nations resolutions or the trade or economic sanctions, laws or regulations of the United States of America, the United Kingdom or the European Union to the extent such compliance is not prohibited by applicable law.

Provided, however, paragraph 1.3 shall not apply to the direct or indirect effect of a **Cyber Operation** on a **Computer System** used by the **Insured** or its third party service providers that is not physically located in an **Impacted** State but is affected by a **Cyber Operation.**

Attribution of a **Cyber Operation** to a **State**

2. Notwithstanding the **Insurer's** burden of proof, which shall remain unchanged by this clause, in determining attribution of a **Cyber Operation** to a **State**, the **Insured** and **Insurer** will consider such objectively reasonable evidence that is available to them. This may include formal or official attribution by the government of the **State** in which the

Computer System affected by the **Cyber Operation** is physically located to another **State** or those acting at its direction or under its control.

a. damage to, loss, destruction, corruption, theft, or loss of operational control of electronic data held by or on behalf of Parametrix Solutions Inc.;

The **Insured** shall give to the **Insurer** all such reasonable assistance as the **Insurer** may reasonably require to secure their rights and remedies and, at the **Insurer's** request, shall take all reasonable steps to protect any such potential rights and execute all documents reasonably necessary to enable the **Insurer** effectively to bring suit in the name of the **Insured** including the execution and delivery of the customary form of loan receipt. The **Insured** should maintain detailed records of all actions taken in mitigating the **Outage Event**, as these may be considered in the adjustment of the claim. Failure to mitigate **Loss** may result in a reduction of the coverage afforded under this **Policy** or denial of coverage in its entirety.

(b) Policy Limits

The **Policy Aggregate Loss Limit** specified in the **Policy Schedule** shall be the maximum liability of the **Insurer** under this **Policy**.

(c) Waiting Period

The **Insurer** will only become liable for any **Loss** upon expiration of the applicable **Waiting Period**. Any **Loss** incurred during the **Waiting Period** is uninsured.

(d) Mergers and Acquisitions

In the event that an entity first becomes a **Subsidiary** during the **Policy Period** by merger with or acquisition by the **Insured**, cover under this **Policy** shall extend to such new **Subsidiary** only if the **Insurer** so agrees in writing following the **Insured's** prompt written notification to the **Insurer**, and its agreement to comply with any additional terms and pay any additional premium required.

(iii) Subject to the **Insurer's** rights set forth above:

(iv) It is agreed (subject to 7c. Dispute Resolution above) that in the event of the **Insurer's** failure to pay any amount claimed to be due under this **Policy**, the **Insurer** herein, at the **Insured's** request, will submit to the jurisdiction of a court of competent jurisdiction within the United States. Nothing in this clause constitutes or should be understood to constitute a waiver of the **Insurers'** rights to commence an action in any court of competent jurisdiction in the United States, to remove an action to a United States District Court, or seek a transfer of a case to another court as permitted by the laws of the United States or any state in the United States. It is further agreed that service of process in such suit may be made upon the **Insurer's** representative, designated in the **Policy Schedule**, and that in any suit instituted against any one of them upon this contract the **Insurer** will abide by the final decision of such court, or of any appellate court in the event of an appeal.

In the case of a Lloyd's syndicate, each member of the syndicate (rather than the syndicate itself) is a party that constitutes the **Insurer**. Each member has underwritten a proportion of the total shown for the syndicate (that total itself being the total of the proportions underwritten by all the members of the syndicate taken together). The liability of each member of the syndicate is several and not joint with other members. A member is liable only for that member's proportion. A member is not jointly liable for any other member's proportion. Nor is any member otherwise responsible for any liability of any other insurer that may underwrite this **Policy**. The business address of each member is Lloyd's, One Lime Street, London EC3M 7HA. The identity of each member of a Lloyd's syndicate and their respective proportion may be obtained by writing to Market Services, Lloyd's, at the above address.

(ii) All or part of any provision of this **Policy** which is or becomes void or illegal, invalid or unenforceable by a court or other competent body under the law of any applicable jurisdiction shall be deleted. The parties shall use their best efforts to agree a replacement for the provision deleted which achieves as far as possible the same effect as would have been achieved by the deleted provision had it remained enforceable.
