12th Biologics World Taiwan 2025

26th March 2025
TAIPEI, TAIWAN

OVERVIEW & OBJECTIVE

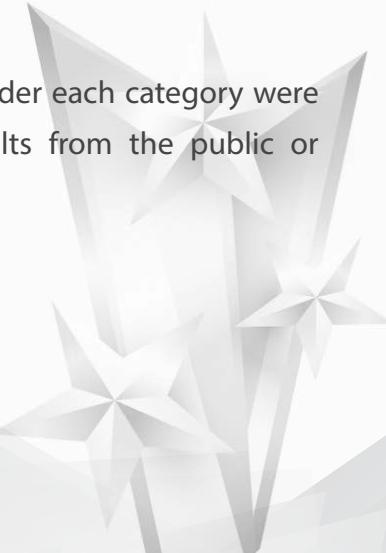

Taiwan Biopharma Excellence Awards 2025 seeks to give recognition to exceptional bioprocessing & research experts, organizations and technologies that facilitate biomanufacturing and research innovation excellence at enhanced speed, reduced cost and superior quality. Featuring top bioprocessing and research leaders in the Taiwan industry, along with the latest advances in technologies, best practices in manufacturing and disruptive innovation in R&D, Taiwan Biopharma Excellence Awards applaud extraordinary leaders & trend-setters of today, and inspire innovators of tomorrow.

The award ceremony will be held in conjunction with the 12th Biologics World Taiwan 2025 on 26th-27th March 2025 which attracts more than 300 representatives from Taiwan top Biopharmas, vaccine manufacturers and biologics companies.

HOW DOES IT WORK?

IMAPAC, the organising committee of TBEA 2025 have called for nominations from the Taiwan biopharma community for different bioprocessing award categories. All entries and nominations were considered by the market research team at IMAPAC.

Based on the number of nominations and assessment, the top entries under each category were shortlisted. The award winners were determined by 700+ voting results from the public or bioprocessing community.
