BUY 2 MNT · GET A PERSONAL MNT FREE

Provider MNT Promotion: Terms and Eligibility

These Promotion Terms and Eligibility (the "Terms") govern participation in the SpectraCell Provider MNT Promotion (the "Promotion"). Participation in the Promotion, including submitting a Qualifying MNT during the Promotion Period, constitutes the Provider's acknowledgment that they have read, understood, and agreed to these Terms. Capitalized terms used but not defined herein have the meanings given in the Provider's executed SpectraCell Price Agreement.

AT A GLANCE

OFFER
Complete **2 qualifying MNTs** and receive **1 MNT free** for your own personal use.

PROMOTION PERIOD
September 23 – November 30, 2026. Your first qualifying sample must be collected by November 30.

WHO'S ELIGIBLE
Recent provider applicants and existing accounts meeting the criteria in Section 3. One per account.

ENROLL FIRST
Let your SpectraCell sales associate know you're in — a quick email is enough (new applicants: check the promotion box on your application). 60 days to qualify; 60 days to redeem.

01 Sponsor

SpectraCell Laboratories, Inc. ("SpectraCell" or "Sponsor")
6030 North Course Drive, Houston, TX 77072
Phone: 1.800.227.5227

02 Promotion Period

The Promotion runs from **September 23, 2026** through **November 30, 2026** (the "Promotion Period"). To participate, the Provider's First Qualifying Sample (defined in Section 4) must be collected within the Promotion Period, as set forth in Section 6. Sponsor reserves the right to modify or end the Promotion at any time without prior notice, subject to Section 12.

On October 30, 2026, Sponsor extended the end of the Promotion Period from October 30, 2026 to November 30, 2026 and updated the related dates in Section 6 accordingly.

03 Eligibility

The Promotion is open to licensed healthcare providers (each, a "Provider") whose SpectraCell account meets either of the following conditions:

a. **Recent applicants.** The Provider submitted a SpectraCell provider application on or after March 30, 2026, and no patient samples were received under the Provider's account before September 23, 2026. Providers who apply during the Promotion Period are also eligible. Applicants must establish a SpectraCell provider account and execute a SpectraCell Price Agreement before placing qualifying orders.

b. **Existing accounts.** The Provider holds an existing SpectraCell provider account whose most recent order was placed between January 1, 2026 and July 1, 2026.

Limit one (1) Free Test per account. The Free Test is issued to the provider of record on the account. Prior participation in an earlier SpectraCell provider promotion does not affect eligibility. Final eligibility will be confirmed by SpectraCell.

04 Definitions

"MNT"

The SpectraCell Comprehensive Micronutrient Test only. MNT does not include wellness panels (including Immune Health, Mental Health, Energy Optimization, and Weight Optimization) or bundled panels (including Age Nexus, Cardiac Nexus, and Baseline Nexus), even where such panels include micronutrient testing.

"Qualifying MNT"

An MNT ordered under the Provider's eligible account for which the patient specimen has been received by SpectraCell and payment has been completed in full, whether billed to the Provider's account (credit card on file) or paid by the patient (patient self-pay).

- Direct-to-consumer (DTC) orders placed through www.spectracell.com do not qualify.
- Orders that are cancelled or refunded do not qualify.
- A test reported as Test Not Performed (TNP) or Non-Responsive Test (NRT) qualifies only if a redraw is completed and results are reported.
- Kit or supply orders do not, by themselves, count as Qualifying MNTs.

"First Qualifying Sample"

The specimen for the first Qualifying MNT submitted under the Provider's account during the Promotion Period.

05 Offer

Upon completion of two (2) Qualifying MNTs in accordance with Section 6, the Provider will receive one (1) complimentary MNT (the "Free Test") for the Provider's own personal use. The test fee for the Free Test will be waived. The Free Test must be drawn, shipped, and received by SpectraCell in accordance with Sponsor's standard Specimen Collection and Shipping requirements.

06 Participation and Timing

a. **Enrollment.** To participate, the Provider must enroll before the First Qualifying Sample is collected, either by notifying their assigned SpectraCell sales associate (email is sufficient) or, for new applicants, by selecting the promotion option on the SpectraCell provider application (applications submitted on or after September 23, 2026). Providers already enrolled by SpectraCell (for example, through a SpectraCell webinar or event) do not need to enroll again. Enrollment ensures the Provider's samples are tracked toward the Promotion. SpectraCell may, at its sole discretion, extend the Promotion to an otherwise eligible Provider who did not enroll in advance.

b. **Start date.** The First Qualifying Sample must be collected on or before November 30, 2026, as shown by the collection date on the requisition, and received by SpectraCell no later than December 7, 2026.

c. **Qualification window.** Specimens for both Qualifying MNTs, including the First Qualifying Sample, must be received and paid in full within sixty (60) calendar days of the collection date of the First Qualifying Sample.

d. **Redemption window.** The specimen for the Free Test must be received by SpectraCell within sixty (60) calendar days of the date SpectraCell confirms the Provider's qualification.

Samples collected on or after September 23, 2026 and before the publication of these Terms on October 6, 2026 will be counted, provided the Provider enrolls by November 30, 2026. These windows cannot be extended or carried over.

07 How to Redeem

a. For enrolled Providers, the Provider's SpectraCell sales associate will notify the Provider once two (2) Qualifying MNTs have been confirmed. Providers may also contact their sales associate at any time to check their status.

b. The Provider collects their own specimen using a standard MNT kit (from office supply or by request), lists themselves as the patient on the requisition, and adds a short note marking it as their personal promotional MNT (e.g., "Provider promo – personal MNT").

c. At intake, SpectraCell will confirm that (i) the patient name on the requisition matches the ordering Provider, (ii) the requisition is noted as the Provider's personal promotional MNT, and (iii) the account has qualified and has not already redeemed the Free Test.

d. Specimens that do not meet all requirements of this Section, or that are received outside the redemption window, will be billed under the account's standard payment method. No retroactive credit or refund will be issued.

08 Limitations and Exclusions

a. The Free Test is for the Provider's own personal use only. It may not be used for patients, staff, family members, or any other individual, and it is non-transferable.

b. The Free Test has no cash value and cannot be exchanged for any other SpectraCell test, product, service, credit, or refund.

c. The Promotion cannot be combined with any other SpectraCell promotion, rebate, discount, bundled panel pricing, or volume incentive unless expressly authorized in writing by Sponsor.

d. The Promotion applies only to the test fee for the Free Test. All other applicable fees, including drop ship fees, phlebotomy fees, shipping and handling fees, and specimen handling costs, remain the responsibility of the Provider as set forth in Sponsor's standard Terms of Service.

e. If the Free Test is reported as TNP or NRT, the Provider is eligible for one (1) redraw under Sponsor's standard redraw policy. No cash refund or credit applies.

f. SpectraCell reserves the right to verify eligibility and identity and to decline redemption where these Terms are not met.

g. The Promotion is void where prohibited or restricted by law or by any rule applicable to the Provider's practice, profession, employer, or jurisdiction.

09 Compliance and Provider Responsibilities

The Provider is solely responsible for ensuring that participation in the Promotion is permissible under all applicable federal, state, and local laws, including, without limitation, the federal Anti-Kickback Statute (42 U.S.C. § 1320a-7b), state self-referral and inducement laws, and the rules of any licensing board, employer, hospital, health system, or insurance program to which the Provider is subject. By participating in the Promotion, the Provider represents and warrants that:

a. Participation does not violate any law, regulation, or contractual obligation applicable to the Provider;

b. The Provider has obtained any internal approvals required by the Provider's practice, employer, or affiliated institution; and

c. The Provider will not condition patient care, referrals, or test ordering on receipt of the Free Test.

If applicable to the Provider's practice setting, the Provider is responsible for any tracking, disclosure, or reporting of the Free Test required by law, including any obligations under the Physician Payments Sunshine Act or analogous state transparency laws. Upon written request, Sponsor will provide reasonable documentation of the commercial value of the Free Test for the Provider's records.

10 No Insurance Billing

The Provider acknowledges that SpectraCell does not accept third-party insurance and does not file claims on behalf of patients. The Free Test cannot be billed to any government or commercial payor under any circumstances.

11 Prior Promotion

These Terms were first published on October 6, 2026 and replace the SpectraCell New Provider Promotion terms effective May 15, 2026 (the "Prior Promotion"), which ended on October 5, 2026. Providers who completed all qualifying requirements under the Prior Promotion on or before October 5, 2026 will receive their complimentary test under the Prior Promotion terms.

12 Modification and Termination

Sponsor reserves the right, in its sole discretion, to modify, suspend, or terminate the Promotion, or any portion of the Promotion, at any time and for any reason, including in cases of suspected fraud, abuse, system or technical failure, or material change in the regulatory environment. In the event of termination, Qualifying MNTs properly submitted before the effective date of termination will continue to be honored in accordance with these Terms.

13 Privacy

Information collected through the SpectraCell provider application and in connection with the Promotion will be handled in accordance with the SpectraCell Privacy Policy, available at www.spectracell.com. By participating, the Provider consents to being contacted by a SpectraCell representative regarding the Promotion and related onboarding.

14 Governing Law and Dispute Resolution

The Promotion and these Terms are governed by the laws of the State of Texas, without regard to its conflict of laws principles. Any dispute arising out of or relating to the Promotion will be resolved as set forth in the Provider's executed Price Agreement.
