FloatR

FOR SPECTRACELL PROVIDERS

NEED A PHLEBOTOMIST? BOOK ONE IN MINUTES.

FloatR connects your practice with credentialed phlebotomists and specimen collectors on demand, so your patients get drawn and your SpectraCell specimens get collected without hiring, agency markups or days of waiting.

< 1 hour
typical time to match after you post

Nationwide
coverage across the United States

On demand
one draw day or recurring coverage

HOW IT WORKS

STEP 1

Post the shift

Set your office location, date and time. One draw day, a recurring clinic, or a last-minute call-out.

STEP 2

Get matched

FloatR surfaces qualified, available professionals near you automatically. No phone calls, no back and forth.

STEP 3

Draw and done

Your FloatR arrives and collects. Credentialing, compliance documentation and payroll are handled for you.

WHY PROVIDERS CHOOSE FLOATR

Coverage in minutes, not days
Skip the agency request queue. Book a collector as easily as you would book a ride.

Verified professionals
Every FloatR is credentialed, background-checked and compliance-documented before their first shift.

Only when you need it
No hiring and no long-term lock-in. A simple service agreement and pricing you can predict.

No paperwork
No timesheets or reconciliation. See every shift and what it cost in one simple dashboard.

IDEAL FOR In-office draws for SpectraCell testing, high-volume patient days, and vacation or sick-day coverage.

POST YOUR FIRST SHIFT TODAY.
