

Vulcan Seals Type 1620

Haigh®

Technical Data Sheet

Product Description

The Vulcan Seals Type 1620 Haigh® multi-spring seals to suit Haigh® macerators and process equipment.

The Vulcan Seals Type 1620 Haigh® features robust construction and installation dimensions suitable for the sealing space inside this equipment.

The standard materials specified are suitable for the arduous environment expected in the duties this equipment is intended for.

Why Choose the Vulcan Seals Type 1620 Haigh®?

The Vulcan Seals Type 1620 Haigh® is a direct replacement design to suit the original equipment, produced to Vulcan Seals' manufacturing standards.

Pump Ranges

The Haigh® pump model includes the following pump ranges: "Haigh® Macerator and other process equipment".
