COURSES

HARROW SUMMER SCHOOL

Overview

At Oxford Summer Courses, learning is hands-on, engaging, and built around curiosity. Whether joining as a Junior (ages 9–12) or a Scholar (ages 12–14), students are guided by experienced tutors who inspire confidence and creativity. Every day brings new opportunities to learn through interactive projects, games, discussions, and challenges that make education active, meaningful, and fun.

The Harrow experience nurtures more than academic ability—it helps students build confidence, independence, and curiosity through teamwork and problem-solving. Outside the classroom, a vibrant programme of social and cultural activities encourages friendships and personal growth. From sports and art workshops to excursions and end-of-course celebrations, every moment is designed to balance learning, laughter, and lasting memories at one of the UK's most historic schools.

The Oxford Learning Experience

Our Harrow summer courses offer a diverse range of age-appropriate subjects, including Science, Maths, Creative Writing, History, Law, Enterprise, Medicine, and Technology. Each course is designed to spark imagination and encourage exploration, helping students connect what they learn in class to the world around them.

With small-group teaching and dynamic, discussion-based lessons, students develop essential academic and personal skills—critical thinking, collaboration, and creativity—under the guidance of passionate Oxford tutors. Through hands-on projects and real-world applications, learning becomes an inspiring journey of discovery and growth.

Featured Course Highlights

- **Science Explorers** - Turn curiosity into discovery! Through exciting experiments, hands-on challenges, and big questions about the world, students learn to think like real scientists — observing, testing, and exploring how things work. Whether they're making predictions, mixing materials, or investigating nature, every activity builds confidence and a sense of wonder.
- **Math Explorers** - Through puzzles, games, and creative challenges, students discover that maths is not just about getting the right answer — it's about thinking boldly, solving problems, and feeling confident when exploring new ideas. Every moment is designed to spark curiosity and help young mathematicians see their own potential.
- **Enterprise Scholars** - Students explore how businesses grow, how leaders make decisions, and how innovation happens — through debate, collaboration, and creative problem-solving. They're encouraged to think independently, express their opinions, and explore what excites them about enterprise — building confidence not just in the subject, but in themselves.

Get to Know Our Students

Our Junior Summer School is designed for students aged 9–14, catering to a wide range of academic interests and career goals. Whether you are interested in exploring new subjects or deepening your understanding of a particular field, our expert tutors provide a personalized and enriching learning experience. Students are divided into three age groups to ensure that the programme meets their developmental needs.

For Ages: 9-10

Juniors aged 9–10 stay at Harrow School, one of the UK's most prestigious boarding schools. They're cared for in a warm, supportive environment with round-the-clock supervision, regular room checks, and safe, shared rooms that encourage friendships. Daily activities are fun and age-appropriate, designed to build confidence, curiosity, and happiness while helping younger learners feel secure and at home throughout their stay.

**Depending on tier*

For Ages: 11-12

Older juniors aged 11–12 enjoy a little more independence while staying in dedicated junior boarding houses at Harrow School. They live in shared rooms with their peers and are supported by caring residential staff who provide 24/7 supervision and guidance. With a balance of structure and freedom, daily activities, teamwork challenges, and evening events help students build confidence, resilience, and lasting friendships in a safe and nurturing setting.

**Depending on tier*

For Ages: 12-14

Scholars aged 12–14 stay in dedicated Scholars boarding houses at Harrow School, designed to build independence while maintaining exceptional care. They share rooms with peers and are supported by experienced house parents who provide 24/7 guidance. Through structured routines, academic focus, and evening activities, students grow in confidence, responsibility, and independence while forming lasting friendships in a vibrant, welcoming community.

Immersive Experiences

Harry Potter Studios Tour

The Harry Potter Studios Tour offers a behind-the-scenes look at the making of the Harry Potter movies, with interactive exhibits and displays that showcase the artistry and craftsmanship that went into creating the magical world of Hogwarts.

Warwick Castle

Visiting Warwick Castle offers a chance to step into history and explore one of England's finest medieval fortresses. Dating back to the 11th century, the castle features grand buildings, interactive exhibitions, and thrilling live shows, including jousting and falconry displays.

Tower of London

The Tower of London is a historic castle and fortress that has served as a royal palace, prison, and even a zoo over the centuries.

A Student's Experience at Harrow

"The best thing about Oxford Summer Courses is the kind teachers and friendships I've built. During the summer school, I adapted to being surrounded by people from many parts of the world. The environment was very welcoming. I learned a lot from the courses and enjoyed my time here immensely

-Blythe, Harrow Alumni

 OXFORD SUMMER COURSES

100% Immersion. 100% Summer.
Summer is for building what others only imagine.
