Questions

- Read Exodus 25:17-22. How might the angels in the tomb in John 20 be modeled after the angels on the ark of the covenant? How might such comparison help you interpret the significance of the resurrection according to John?
- In Thomas's story, we discussed the difference between mental belief and relational trust. How does that concept of trust help you interpret these sometimes-perplexing words of Jesus to his disciples: "If you forgive the sins of any, they are forgiven them; if you retain the sins of any, they are retained" (John 20:23)?
