

About the Game

After sunset an old deserted cemetery becomes a meeting place for dreadful monsters. In this cemetery untold treasures are hidden. The one who is not afraid to face monsters at dark night has a chance to become the owner of these treasures. Fortune favours the brave, as you know. An old monster hunter will help you and increase your winnings as a Wild symbol. Sometimes monsters play their peculiar games, and if you are lucky, you will be able to take part in them too. The most interesting is the Horror Respin game, where you can win three types of a Horror Jackpot.

How to play

The game features win lines. Choose the bet size using the buttons in the **Total bet** field. Higher bets will increase a total win. The bet value chosen is displayed in the corresponding field. To start the reels spinning, click the **Spin button**.

Auto play

Click the **Auto spins settings (A)** button to choose the number of rounds to auto play. Autoplay starts when you click the number of rounds and Autoplay button shows the amount of remaining spins.

You can choose additional settings for the **Stop of auto spins**:

- on any win - autospin will stop after you win
- if bonus game is won - autospin will stop when the bonus game is won (applies to Free Spins only)
- if single win exceeds - autospin will stop when a single win is above the written sum in the field
- if cash balance increases by - autospin will stop when the current balance is above the sum written in this field
- if cash balance decreases by - autospin will stop when the current balance is below the sum written in this field

To stop the spins click **Stop Autospins button**

Features

Free Spins. 3 Bonus symbols appearing on reels 1-3-5 trigger Free Spins. During Free Spins only high and middle symbols can appear on the reels. The round consists of 8 spins. The feature can be retriggered. If during Free Spins 3 Bonus symbols appear on the reels, 8 additional Free Spins are awarded to the player. The number of retriggers is unlimited.

Horror Respin Feature. This is an additional game with the possibility to win one of the three Jackpots. When 6 or more Coin symbols appear on the reels during one spin (in the main game or in Free Spins), they trigger the feature. 6 Coin symbols that triggered the feature stay on their positions. The round consists of 3 spins. If a Coin symbol drops during the round, 3 additional spins are added. The possible Coin value can be x1, x2, x3, x4, x5, x6, x7, x8, x10, x14, x16, x18, x20 of the bet. And there can drop a Coin symbol with the value equal to the sum of the values of the Coin symbols dropped on the reels earlier.

Jackpots. There are three types of jackpots. If as a result of spins one horizontal line is filled with Coin symbols, a player wins a Mini jackpot, two horizontal lines – a Major jackpot, three horizontal lines – a Mega jackpot. Jackpots are not summarized. The Mini jackpot value is x20 of the total bet, the Major jackpot value - x100 of the total bet, and the Mega jackpot value - x1000 of the total bet.

Wild symbols. Substitute all symbols in the winning line, except Bonus and Coin symbols.

Buy Bonus. There is a possibility to buy a bonus in the game: a round of Free Spins or Horror Respin Feature. A player can buy a bonus at the price pictured on the button. If the player changes the bet, the buy bonus price will be automatically changed. During the bonus round, the button is deactivated. The feature is disabled if the Chance x2.5 is active.

Spin Results

If a winning combination is formed along any active payline, it will become animated and the win amount is displayed in the **Total Win** field.

- All symbols pay left to right on consecutive reels of an active payline.
- Coinciding wins on several active paylines are added.
- Payouts are made according to the payable.
- Payline wins are multiplied by the bet per line value, except for Bonus symbols.

- Note that only the highest win is paid on each of the active paylines.
- The spin can result in triggering Free spins. Free spins are played at the same bet and lines as the round activating these spins.

To learn the game payouts, click the **Information (I)** button and choose the Payments button.

Settings

The setting button opens a panel with game speed and volume settings.

- Quick spin - the speed of spinning reels increases. Depending on license requirements, this feature may not be available.
- Spacebar to spin (can be used instead of clicking the Spin button)

Here also are sound effects and background music settings:

- Volume adjustment, including its complete turn off
- Turning the music (using checkmark)
- Turning the sound effects (using checkmark)
- To play in the left hand mode on mobile devices, put the corresponding checkmark in the settings.

License requirements

The purchase features can be unavailable in the game because of the requirements of the license that regulates the operator's work.

Return to Player

The overall theoretical Return to Player (RTP) is {RTP.main}%. RTP in the Buy Bonus feature with Free Spins with high and middle symbols is {RTP.fre spins_buy_high_symbols}%. RTP in the Buy Bonus feature with Horror Respins is {RTP.bonus_buy}%.

RNG

The game is based on a certified random number generator. For more information, visit our BGaming site.

Additional information

Malfunction voids all plays and pays! All unfinished rounds will be terminated every six hours. If the game requires "Collect" - "Collect" will take place and the win from the round will be added to the player balance. If the game requires action from a player, the result is counted assuming that the player has chosen the action with no risk without raising the initial bet. This is the game rule version 1.0, September 25, 2023.
