

Beautylizer® RSL Sculpting® Training Guidelines

Welcome to the Beautylizer® training program. This guide outlines the training process, requirements, and certification standards for operating the RSL and DUO devices – your first step to becoming a certified Beautylizer® specialist.

Provided By Robotic Therapeutics

COMPLIMENTARY TRAINING

Each purchase of a Beautylizer® RSL or DUO device includes free training for two specialists.

The training includes:

- ✓ Theoretical preparation (self-study of videos and presentation)
- ✓ In-person practical session (hands-on training)

PLEASE NOTICE:

Training for the **Facelift device** is available exclusively online.

ADDITIONAL TRAINEES

- ✓ You may add extra trainees for an additional cost.
 - ✓ Your Beautylizer® representative will issue an invoice.
 - ✓ Once payment is received, training for the additional participants will be confirmed and scheduled.
-

TIMEFRAME & VALIDITY

- ✓ Training must be scheduled within 3 months of equipment delivery.
 - ✓ After 3 months, complimentary training expires and paid training applies.
-

CANCELLATIONS & RESCHEDULING

If you cannot attend a confirmed session, provide **at least 72 hours' notice**.

Missed sessions without notice will forfeit the complimentary benefit and must be rescheduled as a paid service.

Training Structure

STEP 1: Theoretical Preparation

Study the provided video course and slide presentation [here](#)

Complete the theory test before your in-person session

STEP 2: In-Person Training

 Agenda (for 2 trainees):

- 1 about 1 hour: Theory Test + Q&A
- 2 1–1.5 hrs: Trainer Demonstration
- 3 3–3.5 hrs: Supervised Hands-on Practice
- 4 15 min: Certificate Award Ceremony & Photos

Add 1 hour for each extra trainee.

Groups of 4 or more require a two-day format.

Training Location

Training may take place at:

-  Robotic Therapeutics HQ
- or
-  Your local facility (travel fees may apply)

 Online training is not available for RSL/DUO device protocols.

Trainee Eligibility & Responsibilities

WHO CAN BE TRAINED?

✓ **Medical professionals**
(secondary/higher education)

✓ **Licensed cosmetologists/
aestheticians**

✓ **Massage therapists with medical
education** (secondary or higher)

✓ **Massage therapists with a valid diploma**
from a certified training institution

BEFORE TRAINING

You and your Trainer will:

- ✓ Confirm number of trainees
- ✓ Discuss preferred training date and location
- ✓ Arrange travel (if applicable)
- ✓ Clarify model requirements (the model is your responsibility, the trainer can assist if necessary)
- ✓ Complete and submit the [Trainee Questionnaire](#)

Your Trainer will confirm the number of participants, availability, location, and model arrangements before finalizing the date.

You are responsible for submitting trainee details via the pre-training questionnaire, which determines certificate issuance.

DURING TRAINING

Trainees must:

- ✓ Be present for the full duration
- ✓ Be released from other job duties
- ✓ Be punctual (late arrivals of 15+ minutes may be disqualified)
- ✓ Complete theory preparation in advance
- ✓ Actively participate in practice

(!) Video/audio recordings are strictly prohibited unless explicit permission is granted.

Assessment & Certification

Theory Assessment

Format:

30 questions

Passing Score:

26 correct answers (86%)

Score below 20:

Requires paid retraining

Certificate of Completion

- ✓ Issued to trainees who pass both theoretical and practical components
- ✓ Certificate is numbered and recorded in Robotic Therapeutics' secure registry
- ✓ Only certified users are authorized to operate Beautylizer® devices

(!) Use of devices by uncertified personnel may result in loss of warranty and service.

Training Content Summary

Theoretical Topics

1. Beautylizer® technology, purpose & function
2. Indications & contraindications
3. Mechanotherapy principles
4. Treatment timing & planning
5. Dietary & lifestyle guidance
6. Expected outcomes
7. Hygiene & disinfection
8. Integration with other treatments

Practical Training

1. Device setup, handpiece ergonomics
2. Full treatment protocol demonstration
3. Hands-on practice with Trainer feedback
4. Q&A wrap-up

Your Beautylizer® certified Trainer will:

- ✓ Confirm eligibility and scheduling details
- ✓ Provide all preparatory materials
- ✓ Administer and grade assessments
- ✓ Supervise and correct hands-on technique
- ✓ Issue Certificates to qualified trainees
- ✓ Share follow-up video resources post-training
