

POWER OF INGENUITY

Kewaunee's Evolution is a free standing workstation system that is designed to meet the changing needs of today's Laboratory and Technical environments. The column based design offers infinite height adjustment of the worksurface and shelving; as well as other column mounted accessories. Its modular design and ability to share columns helps control cost and simplifies lab layout. Three standard column heights create platforms with and without an above counter support structure. Evolution is available prepiped and pre-wired and easily incorporates with overhead utility grids or service carriers and panels. Evolution is designed for mobile, suspended, free-standing, and overhead storage.

FEATURES

Accessories

- >> Fully adjustable shelves
- >> CPU holder
- >> Monitor mount
- >> Keyboard
- >> Single & double lockable drawers
- >> LED light rail
- >> Bin bar
- >> Powerstrip
- >> Foot rest

Features

- >> Infinity shelving adjustments
- >> Will allow for 33" mobile storage units
- >> Allows for up to 3 service fixtures per post
- >> Data bezel optional on horizontal raceways
- >> SEFA 10 Class 7 and Class 8
- >> Capacity: Work surface 1,000 lb, Per Shelf 40lb/sqf
- >> Ships assembled and knock-down
- >> Starter and add-on assemblies
- >> Single and double sided
- >> UL 61040-1
